## INTRODUCTION

Our goal at Indigo Books & Music Inc. is to delight our customers with a unique shopping experience while meeting the needs of our employees, shareholders and other stakeholders including our vendor community.

The purpose of this document is to communicate Indigo's supply chain requirements to our private label vendors in pursuit of this goal. We are committed to being a world class supply chain organization focused on delivering the right product to the right place, at the right time, at the right cost, without defect. We want to have a mutually rewarding relationship with our vendors; this manual is designed to help both organizations realize this.

This document will guide you through Indigo's expectations for each of the following:

- Vendor Code of Conduct
- Vendor Set-up
- EDI Expectations & Certification Process
- Purchase Orders
- Sampling Process & Product Testing
- Supply Chain Execution & Vendor Compliance
- QA Compliance – Product Safety & Testing
- Shipping

At the end of this document is a **Vendor Manual Acknowledgement Form** that we ask to be signed by a senior officer of your organization and returned to Indigo (*see Section 9*). This signature is an acknowledgement that the contents of this manual have been read, understood and disseminated appropriately through your organization. We also expect that it is communicated to your suppliers and sub-contractors that produce or provide materials or services used in the manufacture of goods sold to Indigo, to ensure that they too are in compliance, where applicable.

We believe our expectations are fair and support the goals of being mutually rewarding for each organization. We thank you in advance for doing your best to meet these expectations.

## INDIGO VENDOR CODE OF CONDUCT

Indigo aims to establish and maintain ethical and responsible working relationships with its vendors. We insist that our vendors and their suppliers uphold the highest ethical standards in their workplace and their business practices, conduct and policies.

As per the scope of the Social Accountability 8000 (“SA8000”) standard for social accountability, Indigo will not do business with vendors that do not meet these standards.

For vendors sourcing and/or manufacturing globally, expectations of the vendor, their suppliers and respective factories they use for manufacturing/producing (herein referred to as “organization”) include, but are not limited to, the following:

(Please refer to the SA8000 Standard for a full detailed list of standards:

[http://sa-intl.org/ data/n\\_0001/resources/live/SA8000%20Standard%202014.pdf](http://sa-intl.org/data/n_0001/resources/live/SA8000%20Standard%202014.pdf))

- A. **Compliance with Laws** – The organization shall comply with the laws and regulations of the countries in which they do business, and of the countries where goods are manufactured/produced.
- B. **Employment Standards** – The organization shall not put employees at risk of physical harm due to their work environment. Any and all employees shall be fairly compensated, and granted the right of free association.
- C. **Wages and Benefits** – The organization shall, at minimum, provide wages and benefits that comply with the laws of their country of operation and country in which goods are manufactured/produced. The organization shall respect the right of personnel to a living wage and ensure that wages for a normal work week, not including overtime, shall always meet at least legal or industry minimum standards.
- D. **Working Hours** – The organization shall comply with the laws of working hours of the countries where goods are manufactured/produced and not exceed local work hours, except, where workers are appropriately compensated for overtime. The normal work week, not including overtime, shall be defined by law but shall not exceed 48 hours. Employees are entitled to receive at least one day off following every six (6) consecutive days of working.
- E. **Child Labour** – The organization shall not employ child labour in any of their facilities. Child labour is defined as any person under 15 years of age, unless the minimum age for work or mandatory schooling is higher by local law, in which case the stipulated higher age applies in that locality.

- F. **Forced or Slave Labour** – The organization shall not engage in or support the use of forced, slave or compulsory labour, including prison labour, in any of their facilities. Neither the organization nor any entity supplying labour to the organization shall withhold any part of any personnel’s salary, benefits, property or documents in order to force such personnel to continue working for the organization.
- G. **Discrimination/Human Rights** – The organization shall not engage in or support discrimination in hiring, remuneration, access to training, promotion, termination, retirement or any other term or condition of work (other than legitimate occupational requirements allowed by law) on the basis of race, colour, national or territorial or social origin, ethnic origin, citizenship, religion, faith, political opinion, gender, sexual orientation, age, marital status, same-sex partnership status, family status, disability, or any other condition that could give rise to discrimination.
- H. **Disciplinary Practices** – The organization shall treat all personnel with dignity and respect. The organization shall not engage in or tolerate the use of corporal punishment or other forms of mental or physical coercion, or verbal abuse of their employees.
- I. **Abuse/Harassment** – The organization shall not abuse or harass employees, whether physical, psychological or sexual. No harsh or inhumane treatment is allowed.
- J. **Health and Safety** – The organization shall provide employees with a safe and healthy working environment consistent with all applicable laws and regulations regarding health and safety. The organization shall take effective steps to prevent potential health and safety incidents and occupational injury or illness arising out of, associated with or occurring in the course of work.

## **EXTERNAL PARTY INTEGRITY HOTLINE**

Indigo has set up an External Party Integrity Hotline as outlined below:

If you wish to report questionable behavior or a possible violation of the Indigo Vendor Code of Conduct, you are encouraged to work with your primary Indigo contact in resolving your concern. If that is not possible or appropriate, please use the External Party Integrity Hotline.

The External Party Integrity Hotline is available to external parties to confidentially communicate any Code of Conduct concerns or violations with respect to Indigo employees and the Vendors that Indigo conducts business with. Any person who believes that a violation of the Indigo Vendor Code of Conduct or Employee Code of Conduct has occurred is asked to report the relevant information in confidence to: [ExternalIntegrityLine@indigo.ca](mailto:ExternalIntegrityLine@indigo.ca)

You may choose to remain anonymous if you contact the External Party Integrity Hotline. Indigo will make every effort to investigate all reported violations in a discreet, fair and confidential manner, and will take appropriate action, as required, to maintain the integrity of its business.

---

## **SECTION 1- NEW VENDOR SET-UP**

### **I. NEW VENDOR SET-UP**

As a part of the onboarding process, each prospective Indigo vendor will receive the Vendor Package, which contains the following documents:

- 1. Vendor Manual**
- 2. Vendor Registration Form**
- 3. Vendor Code of Conduct & Social Compliance Acknowledgment Form**

The Vendor Package may also contain additional reference documents, including:

- 4. Indigo Purchase Agreement** (for Toy and any other IPL vendors, as identified by Indigo, who produce and supply product that is considered to be higher risk)
- 5. Introduction to NISS Letter** (New Item Submission System) (see Section 2 further detail on NISS)
- 6. Preparing Your First Shipment to Indigo**

In order to complete the Vendor Set-up Process, each prospective IPL vendor must have the following documents (described in greater detail below) signed by an authorized individual at your company and submitted to Indigo:

- 1. Valid Factory Social Compliance Audit & Factory Technical Audit** (as required) please refer to **Section 1.5 - Indigo's Vendor Social Compliance Program** for further detail on audit requirements).
- 2. Vendor Manual Acknowledgement Form**
- 3. Vendor Registration Form**
- 4. Vendor Code of Conduct & Social Compliance Acknowledgment Form**
- 5. Indigo Purchase Agreement** (if required)
- 6. Certificate of Insurance** (if required)

Please forward all vendor set-up documents to: [VendorSetup@indigo.ca](mailto:VendorSetup@indigo.ca)

## **1.1. Social Compliance**

### **1.1.1. Commitment to Ethical Sourcing**

Indigo is committed to ensuring that our vendors and their suppliers uphold the highest ethical standards in workplace conditions and labour practices. Our Social Compliance Program affirms our strong position on key labour practices around the world that includes, without limitation, our position against child labour, forced labour, discrimination and abuse/harassment, as well as fair wages, benefits, working hours and health & safety practices. All vendors are expected to meet or exceed the internationally recognized Social Accountability 8000 International Standard (“SA8000”), which is based on the UN Declaration of Human Rights, conventions of the ILO, UN and national law.

### **1.1.2. Vendor Code of Conduct**

Indigo is fully committed to doing business in a legal, ethical and socially responsible manner. The Indigo Vendor Code of Conduct is designed to ensure that suppliers, vendors, agencies, distributors, service providers and contractors (collectively, “vendors”) have a clear understanding of how Indigo expects to conduct its business with vendors, and how Indigo expects its vendors to embrace our commitment to integrity by complying with the standards within the Code of Conduct and communicating them to their employees. (Please refer to the Indigo Code of conduct section at the beginning of this document)

### **1.1.3. Vendor Onboarding**

As per our Vendor Code of Conduct, we have a minimum required set of criteria for factory qualification (i.e. free from critical violations such as child labor, forced labor, abuse/harassment). During our vendor onboarding, prospective vendors must acknowledge compliance with our Social Compliance Program and Vendor Code of Conduct in writing. Additionally, where Indigo is importer of record, vendors are audited to ensure that they meet or exceed the expectations of our Social Compliance Program.

### **1.1.4. Factory Audit Program**

#### Factory Audits

Factories that are considered for manufacturing Indigo private label products must pass an audit by Indigo before any order placement to ensure the facilities comply with the minimum

requirements of our Social Compliance Program. Those factories must undergo annual social compliance audits to ensure ongoing compliance.

### Corrective Action

For those factories where non-conformance with our standards is uncovered, our auditors will develop a Corrective Action Plan (CAP) to enable factories to rectify any areas of non-conformance. For severe violations of our Vendor Code of Conduct, such as child/slave/prison or forced labour, corruption, failure to pay wages, Indigo will immediately disqualify the vendor or terminate the relationship with the factory, with no further CAP.

All corrective action plans for Social Compliance Audits and Technical Factory Audits must be completed within three (3) consecutive evaluations, in a timely manner (within a 90 day limit). If a vendor does not comply with this requirement, they may be disqualified as an Indigo vendor.

### Follow-up Factory Audit

Follow-up audits are scheduled, as necessary, where vendors are required to implement CAPs for any non-conformances observed during any audit.

Indigo is committed to work with our vendors and auditors to help identify areas for improvement in the working conditions in factories, in an effort to promote continuous improvement.

## **1.1.5. Environmental Awareness**

Alongside our continuous commitment to protect the environment, we require all of our vendors to manufacture and operate in a sustainable manner to ensure low negative environmental impact on their local communities as well as globally. To ensure this, we have incorporated into our third party factory audits, a review of environmental policies and practices, and compliance with all applicable environmental laws and regulations.

## **1.1.6. Development of Our Code of Conduct & Social Compliance Policy**

We will periodically review our Vendor Code of Conduct and Vendor Social Compliance Policy and may revise them accordingly, as required. We will notify our vendors of any important changes; however, the most updated versions of our Code and Policy will always be available to vendors on Indigo's website, [www.chapters.indigo.ca](http://www.chapters.indigo.ca)

([https://static.indigoimages.ca/2016/corporate/IndigoCodeOfConduct\\_April2016\\_v2.pdf](https://static.indigoimages.ca/2016/corporate/IndigoCodeOfConduct_April2016_v2.pdf))

## **1.2. Vendor Manual Acknowledgement Form**

This acknowledgement form indicates that the Vendor Manual has been reviewed in full and your organization understands and is prepared to meet Indigo's expectations. This acknowledgment should be signed and submitted by an authorized individual. A vendor's failure to sign the acknowledgement form does not absolve your organization from meeting Indigo's specified requirements contained in this document. Please refer to **Section 9** of this manual to retrieve Indigo's Vendor Manual Acknowledgement Form.

## **1.3. New Vendor Registration (if required)**

This excel template sets out (i) certain important vendor contact information; (ii) applicable Indigo requirements, such as re-order frequency, lead time, and insurance coverage(s); and (iii) negotiated business terms determined by vendor and their respective Indigo Category Manager(s), namely:

- Payment terms
- INCO terms
- EDI terms
- Vendor Support
- Discounts, Rebates, Allowances,
- Co-op/MDF
- Other special negotiated terms

## **1.4. Contract (if required)**

Some IPL vendors may be required to submit a signed Indigo Standard Purchase Agreement ("contract"). The Purchase Agreement sets forth the standard terms and conditions applicable to the purchase of IPL products ordered by Indigo from vendor from time to time. Please refer to Indigo's Purchase Agreement to review in full detail.

The Purchase Agreement must be signed by an authorized signing officer; please use your organization's full legal name in this document.

For those vendors who are not required to sign the Purchase Agreement, our third-party sourcing agent will manage an internal *Confirmation of Purchase Order Document* in lieu of a Purchase Agreement.

## **1.5. Product Liability Insurance (if required)**

Indigo will self-insure for liability regarding products purchased from our Indigo Private Label vendors. Please note however that vendors will be responsible for insurance from production to carrier hand over at the port.

The exceptions to this rule are IPL vendors that produce Toy products and other products deemed to be of higher risk, as identified by Indigo. Indigo may require IPL vendors in this category to have and maintain comprehensive general liability insurance coverage, at vendors cost, in such amounts as specified in the **Indigo Vendor Liability Insurance Matrix** (see *Section 8, Appendix L*) and meeting the following requirements:

- a. Insurance Coverage.** Comprehensive commercial general liability insurance with minimum limits of coverage of not less than the amount set out in the Vendor Matrix below per occurrence for bodily injury and property damage which must include the following coverages: personal injury liability, bodily injury liability, advertising injury liability, products and completed operations liability, blanket contractual liability (including liability for damage to or losses relating to performance by Vendor of its obligations to Indigo), and property damage liability (including liability for damage to or losses relating to an Indigo location and any Indigo or other third party chattels, property, merchandise, trade fixtures, or monies), and business interruption relating to Indigo's operations.
- b. Occurrence Basis.** All coverage required by Indigo must be written on an occurrence basis. Claims-made policies are not acceptable.
- c. Additional Insured.** Vendor's insurance must designate Indigo Books & Music Inc. as an Additional (or Joint) insured, including with respect to third party claims or actions brought directly against Indigo or against Indigo and Vendor as co-defendants.
- d. Severability of Interests; Subrogation.** Vendor's coverage must provide for a severability of interests between Indigo and Vendor, and all policies of insurance shall contain an endorsement waiving all rights of subrogation against Indigo.
- e. Supplier Insurance is Primary.** Vendor's insurance will be primary and will be required to respond to and pay prior to any other available coverage of Indigo.
- f. Self-Insurance.** Indigo does not allow Vendors to self-insure their coverage requirements, without Indigo's prior written consent.

- g. Cancellation.** Indigo requires and expects that either Vendor or its insurer/broker will provide Indigo with at least thirty (30) days advance written notice of any material change or cancellation of the applicable policies.
  
- h. Certificate of Insurance.** Vendors must provide a valid certificate of insurance that:
  - i.** Clearly specifies the required coverage(s) (type(s) & amount(s));
  - ii.** List Indigo as an additional insured;
  - iii.** Describes Vendor's business and/or the products being supplied to Indigo;
  - iv.** Includes Vendor's address; and
  - v.** References Indigo's address:

Indigo Books & Music Inc.  
468 King Street West, Suite 500  
Toronto, Ontario  
M5V 1L8

Certificates of Insurance must be renewed annually and an updated copy provided to Indigo at [vendorsetup@indigo.ca](mailto:vendorsetup@indigo.ca).

## II. EDI EXPECTATIONS & PROCESS TO ESTABLISH EDI RELATIONSHIP

### 2.1. Introduction

This is intended to set the Electronic Data Interchange (EDI) expectations Indigo Books & Music Inc. has of all its trading partners. Although this is not a mandatory requirement at this time for IPL vendors, it is our intent to make it mandatory within the next 3-6 months, so we urge all our IPL vendors, who have not yet done so, to explore ways to support this expectation for future requirements. Please ensure that you review all sections and share this with anyone in your company that may need this information. Questions of clarification should be directed to: [newvendor@indigo.ca](mailto:newvendor@indigo.ca)

### 2.2. E-Commerce Standards

Within the next 3-6 months, Indigo expects that all vendors will transact via EDI from the initial onset of our commercial relationship. There are significant productivity and process visibility gains that are realized through the use of EDI. Exemptions to this requirement may be provided by the Indigo Product Development Office based on the following criteria:

- Timing of initial order: temporary exemption
- Anticipated size of ongoing relationship expected to be less than \$100K/year of annual purchases: permanent exemption

The EDI exemption, if provided by the Indigo Product Development Office, is captured on the **Vendor Registration Form**.

Please note that the cost of **EDI non-compliance** is \$250 per non-compliant Purchase Order unless the EDI exemption has been provided.

### 2.3. EDI Transaction Set

Indigo believes that the ability to conduct business electronically on these and future documents is critical to operating effectively with your firm. The documents currently required are:

- 850 Purchase Order (Stand Alone or Cross-Dock)
- 855 Purchase Order Acknowledgment (future requirement within the next 3-6 months)
- 856 ASN
- 810 Invoice
- 860 Purchase Order Change and/or Cancellation
- 997 Functional Acknowledgement
- GS1-128 Label

## 2.4. Testing & Certification Provider

Indigo has partnered with SPS Commerce to manage the transition of our vendors to EDI with Indigo Books & Music. Indigo and SPS Commerce have built an Internet portal site to make it easier for you to access program information including EDI specifications.

To access the portal as a generic user, please log on to:

[www.spscommerce.net](http://www.spscommerce.net)

Username: indigovendor

Password: spscommerce1

Go to “Partner Information” (located on left hand side of the webpage)

Go to “Indigo Books & Music Inc. - General Merchandising” (for GM EDI specs)

Go to “What are the Electronic Requirements” under the “EDI Testing and Certification” section (scroll down the page to locate)

## 2.5. Transitioning to EDI with Indigo Books & Music Inc.

Below is a link to a simple form; please complete this and SPS Commerce will contact you to initiate the transition. It takes 4-6 weeks of elapsed time before you are ready, so please initiate this activity immediately if you have not already done so.

<http://spsreferrals.com/indigo-books-music-books/>

(Please refer to **2.8.1** below for alternative contact information for SPS Commerce)

There is a small cost to transition to EDI that depends on the nature of the solution that you choose to utilize. SPS Commerce will confirm all the details of your transition including the costs involved. However, a high level summary to assist you with planning/internal approvals is as follows:

- **Existing SPS EDI customer:** the incremental cost is approx. \$20 /month.
- **Existing EDI solution already in place, but not with SPS Commerce:** the one-time cost is \$500 to have your solution certified as meeting Indigo’s requirements. Your solution provider likely has an incremental cost for adding Indigo to their environment.
- **If you have no EDI solution, you have two options:**

1. Adopt SPS Commerce's solution; the initial set-up cost is \$200, and the ongoing fee will be approximately \$80/month; there is a seasonal option to turn the solution On/Off. When you contact SPS Commerce, they will provide you with a specific breakdown of the related costs.
2. Adopt another EDI solution from someone other than SPS Commerce. This solution would need to be certified by SPS Commerce for a one-time cost of \$500.

When you complete the link to the SPS form, you will see a requirement for an Indigo vendor # and a DUNS #. You can still start the transition to EDI without our vendor # and/or your DUNS #; however, they will be needed for SPS to finally complete your transition to EDI with Indigo so please do provide them once available. If you do not have a DUNS # and prefer not to acquire one, please note this on the SPS form.

***A delay in the provision of this contact information may delay the timing of the first order from Indigo Books & Music Inc. for your product.***

## **2.6. Existing EDI Vendors – Testing & Certifying with SPS Commerce**

As an existing vendor transacting via EDI with Indigo Books & Music Inc., you will be expected to interact with SPS Commerce as existing EDI documents are changed and/or new EDI documents implemented. You will be notified of any such developments and SPS Commerce will work directly with your organization to Test & Certify the new documents if required. Indigo's current EDI document set is expected to be modified in calendar year 2014 with the following changes:

- 860 – improvements to the Purchase Order (PO) Cancellation and/or Change document
- 855 – introduction of the PO Acknowledgement

If you already use a third-party EDI provider, you are not required to change to SPS Commerce services. However, your provider will be required to Test & Certify through SPS Commerce on new Indigo Books & Music Inc. documents.

If the EDI contact person for your company changes, please send the details regarding this new contact to both [support@spscommerce.com](mailto:support@spscommerce.com) and [edisupport@indigo.ca](mailto:edisupport@indigo.ca) . Maintaining these contacts is very important as both SPS Commerce and Indigo use this name(s) in the event of a receiving issue as well as a change in EDI document, policies etc.

If your company is going to change your EDI service provider, please advise [support@spscommerce.com](mailto:support@spscommerce.com) and [edisupport@indigo.ca](mailto:edisupport@indigo.ca) prior to making this change. It is important to consider whether there are open orders residing with your current EDI service provider; you will need to ensure that you will be able to receive/send documents relating to these open orders from your new EDI service provider. This process can take 2-3 weeks to be executed well.

## 2.7. GS1-128 Label

GS1-128 label format is available through SPS Commerce. Alternatively, an approved example of a GS1-128 label can be found in the Label Guidelines section of this Guide.

A GS1-128 Barcode label must be applied to each carton and/or pallet shipped (based on shipping method); linking the individual carton/pallet to the associated ASN Item/Qty detail, as set forth in the Label Guideline section of this Guide.

Failure to meet Indigo's GS1-128 Label guideline requirements will cause your shipment to be quarantined within Indigo's Distribution Centres. A cost recovery charge will also be applied to any violation of this guideline (see *Cost Recovery Charge Summary Table (Section 5, XI, 11.1, Figure 10)*).

## 2.8. EDI Contacts

### 2.8.1. SPS Commerce - For immediate assistance, please contact:

- **International Support:**
  - **Asian Offices:** [asiastupport@spscommerce.com](mailto:asiastupport@spscommerce.com)
    - Beijing:** +86 10 5639 0888
    - Hong Kong:** +852 2855 6993
    - Mumbai, India:** +91 22 395 37474
  - **Australian Offices:**
    - Sydney: +61 2 8211 2707
  - **European Offices:**
    - Ireland: +1 800 65 7577

## ***SECTION 2- ARTICLE SET-UP, UPC AND PRICE STICKERS***

### **III. ARTICLE SET-UP: NISS (NEW ITEM SUBMISSION SYSTEM)**

Where required, some IPL vendors, as identified by Indigo, may be required to manage their article master data creation and changes. To assist them with this task, Indigo has provided a web-based application called **NISS (New Item Submission System)** to manage article master data creation and changes for our online and retail sales channels. It is our expectation that the identified IPL vendors will submit article master data via NISS. We realize that this application will be new for your organization, and so, we advise you to review the respective training materials that will be provided for you, and to direct any questions regarding NISS to [NISS@indigo.ca](mailto:NISS@indigo.ca).

**NISS** provides the ability to load and maintain all aspects of article data 24 hours a day through a standardized interface that contains workflows to streamline and simplify all aspects of Indigo's article loading process. NISS allows you to:

- Create new articles by providing:
  - product detail,
  - dimensions & packaging detail;
- Upload Single Article Data or Bulk Article Data using multiple article templates;
- View status of an article;
- Search for and modify existing articles and images;
- Track details of all the modifications that have been made to your articles.

#### **3.1. Benefits of NISS:**

- Improves the accuracy of our master data;
- Increases the speed of our transactional processes from purchase orders to goods receipt, through to the sale of your products.

#### **3.2. NISS registration steps for approved Indigo vendors:**

Once you have been assigned a vendor number by Indigo, the following will occur:

- A NISS account will be created by Indigo's Master Data team;
- Vendors will receive an e-mail notification with instructions for login and password creation.
- Note: login USER NAME will be the e-mail address submitted by the vendor to be set-up as the data contact for NISS (as indicated on Indigo's Vendor Registration Form).

- Vendors will also be sent the “How To Use NISS” document, outlining the article creation and maintenance process.
- Please note: NISS is for article submission only. Category Managers must approve your articles and images for Indigo usage.

Although NISS allows vendors to enter master data solely via a web interface, we also provide a bulk upload feature that allows data input via a template. The bulk upload feature requires the use of Excel 2010 or greater. If you anticipate creating and/or maintaining more than 10 articles for Indigo, it may be easier to use the bulk upload ( ie article creation) feature. If you do not have Excel 2010, please consider purchasing a license or utilize the web interface.

Supported browsers include (please note version minimum):

- Internet Explorer 9
- Chrome V32
- Firefox V25
- Safari 5

If you have any questions, please contact [NISS@indigo.ca](mailto:NISS@indigo.ca) and a member of Indigo’s Master Data team will be in contact within 1 business day. We request that you do not address questions regarding NISS functionality to your merchant contact at Indigo.

## **IV. UPC (UNIVERSAL PRODUCT CODE) & PRICE STICKER LABELS**

### **4.1. Universal Product Code (“UPC”)**

- Vendors are responsible for ensuring that the unique scannable UPC or EAN (International Article Number; formerly European Article Number) is provided on the unit. UPCs and EANs must meet the specifications defined by the Electronic Commerce Council of Canada.
- If possible, UPC numbers should never be reassigned; however, in the event one must be reassigned, Indigo requires that the number not be in use for a minimum of 36 months prior to reuse or reassignment to allow the UPC to pass through the retail product cycle.

### **4.2. Price Sticker Labelling**

- Vendors are responsible for pre-ticketing all units with Canadian retail price and scannable UPC (if not printed directly on the product or package).
- Vendors are responsible for ordering price stickers in a timely manner that will not delay shipment. Unless otherwise instructed by the responsible Indigo Product Manager or Indigo buyer, price sticker costs must be included in the cost of goods.
- Price stickers should be ordered from Indigo’s designated vendor, Avery Dennison.
- Stickers should be placed on the back of the purple Indigo hangtag, or at the bottom or on the back of the packaging. Any price sticker placement questions should be directed to the responsible Indigo buyer.
- Please note that price stickers cannot cover any warning labels or care instructions.
- For further detail, please contact your respective Product Manager in the New York office.

---

## SECTION 3 – PURCHASE ORDERS

### V. PURCHASE ORDER PROCESS

#### 5.1. Purchase Order Detail

Indigo's Purchase Order will specify the following (for both EDI and non-EDI vendors):

- Indigo Books & Music Inc. Purchase Order number. This is a 10-digit number beginning with the numbers 45 (i.e. 4512345678)
- Purchase Order Creation Date
- 'Ship To' and 'Bill To' locations (including Building #, Store #, SAN#)
- 13-digit case UPC code (being ordered)
- Item Description
- Vendor Manufacturing Part Number (if provided to Indigo)
- Listing Pack Size for outer and inner cartons (if applicable)
- Quantity (being ordered)
- Retail price in Canadian currency (for price sticker)
- Unit Costs in currency of record for vendor
- Delivery Date at the Ship To address
- Carrier Hand-over Date (CHO Date) (if applicable)
- INCO and FOB terms
- Payment Terms
- Method of Transportation

If there are questions regarding the meaning of these data elements, please contact your Indigo buyer.

#### 5.2. Purchase Order Terms

- Vendor must deliver (or have order ready and available in full to be handed over) on the Carrier Hand-over (CHO) date indicated on the Purchase Order.
- Product ordered as part of one Purchase Order cannot be received against a different Purchase Order.
- The Purchase Order quantity will be in "eaches" of UPC/product ordered (corresponding to individual units or assortment units).
- Indigo policy is to always order with the case UPC. Indigo does not currently support the use of GTIN 14 product identifiers. It is imperative the case UPC on the Purchase Order is what is shipped and is on the ASN. If the UPC is incorrect please contact the Category Manager to have this corrected immediately upon receipt of the order. An incorrect UPC

can only be addressed by cancelling the line item on the Purchase Order (*see section 5.5 below – Purchase Order Change*). A new Purchase Order will be generated with the correct UPC.

### 5.3. Freight Terms

Each Indigo Purchase Order specifies one of the following freight (INCO) terms:

- **EXW** – (ExWorks): Vendor is responsible for having order ready and available in full to be handed over (collected) at the vendor premises (factory, warehouse, plant, ...) within the agreed upon Ship Window (based on CHO date). Buyer pays all transportation costs and bears the risks for transporting the goods to its final destination (DC, Store).
- **FOB** – (Free on Board): Vendor is responsible for having order ready and available in full to be handed over within the agreed upon Ship Window (based on CHO date) at the agreed upon shipping location (FOB point), as specified on the Purchase Order.
- **FCA** – (Free Carrier): Vendor is responsible for delivering order in full, cleared for export, to the Buyer's designated freight forwarder (carrier), at an agreed upon, named location, within agreed upon Ship Window. Vendor must load shipment onto the Buyer's carrier. A receipt document from carrier to exporting vendor confirms transfer of shipment.
- **CIF** – (Cost, Insurance and Freight): This applies to maritime transport only. Vendor is responsible for paying the freight, insurance and other costs to deliver order in full to the port of destination within agreed upon Ship Window. Once the shipment is loaded on the vessel, risk is transferred to the Buyer.

### 5.4. Purchase Order Acknowledgement (for EDI and non-EDI Vendors)

- Vendor must review all terms of the Purchase Order and communicate any discrepancies to the respective Indigo contact **within three (3) business days** (i.e. incorrect UPC, cost, pack size, quantity, CHO date, INCO terms, etc...)
- If an adjustment is required, vendor must communicate this via e-mail correspondence acknowledging the change(s), from the Indigo buyer, before filling/shipping the order.
- If vendor does not communicate any discrepancies/required changes within the allotted 3 business days, the terms and order information on the original Purchase Order govern.
- Vendor must immediately notify the respective Indigo buyer of any changes to Purchase Order terms that may arise at a later date, including any foreseen late shipments.

## 5.5. Purchase Order Change (EDI Vendors only)

At this time, Indigo's Purchase Order Change EDI document is only able to support the following changes:

- Change in unit cost
- Change in unit quantity
- Cancellation of an entire line item

Improvements are being made to enhance the Purchase Order Change functionality to support our Merchandise business. When completed, they will be deployed to you through SPS Commerce.

At this time, if changes are required for an existing Purchase Order other than those listed above, these changes need to be agreed to via e-mail correspondence with your Indigo contact/buyer. In some instances, the Indigo contact/buyer may decide to cancel the Purchase Order and reissue a new version.

For non-EDI vendors, the Purchase Order change process will be managed via e-mail communication.

## 5.6. Advance Ship Notice (ASN) (EDI Vendors only)

The ASN is an electronic document (EDI 856) that is used to describe the actual contents of a shipment.

- It is critical to ensure your ASN is loaded into our Warehouse Management System prior to your shipment being handed over to our International Freight Forwarder, Delmar International.
- Please ensure that the GS-128 labels are applied to all the cases of products to be shipped before the ASN is sent.
- If your ASN is rejected due to an error, the ASN can be retransmitted with the same ASN number once the error has been corrected.
- If the ASN is not in our system when the load arrives at our Distribution Centre, it could result in receiving delays. A cost recovery charge will also be applied (*see Vendor Compliance - Cost Recovery Charge Summary (Section 5, XI, 11.1, Figure 10)*).
- It is mandatory that the Bill of Lading # (BOL) associated with your shipment be included in the ASN. Failure to provide the BOL # could also result in a Cost Recovery Charge. If the actual BOL # is not available at the time of the ASN creation, please do the following:
  - Enter Indigo's Purchase Order No. beginning with "45" in the BOL # field for the ASN;
  - Ensure that Indigo's Purchase Order No. is noted clearly on the carrier's shipping documentation that will be presented to Indigo's Distribution Centre Appointment

Desk. This will allow them to locate your ASN within Indigo's warehouse management system and provide the carrier a dock door to unload your shipment.

## **5.7. Invoices**

Non-EDI vendors may send paper invoices by mail to **Accounts Payable** (*see Section 7 for contact info*) for payment to occur; invoices should not be sent to the respective Indigo buyer.

EDI vendors must send all invoices via the 810 EDI document. Indigo will not process any invoices sent via mail by EDI vendors. All paper (inclusive fax) invoices will be discarded; therefore no payment will be issued.

A discrepancy between the vendor invoice and our receiving data may result in a payment different than the value shown on the invoice. Where an initial Purchase Order is cancelled by Indigo and a new Purchase Order No. is provided, the invoice must quote the new Purchase Order No.

---

## SECTION 4 –SAMPLE PROCESS & PRODUCT TESTING

### VI. SAMPLE PROCESS

#### 6.1 Sample Tag

All samples must be marked with a sample tag as per below. Please note the colour code indicator based on Development, Showroom, TOP, Media/Photo, and Pre-Production samples.

1

##### a. Development Sample (colour = blue)

Indigo Books & Music Inc. Sample

## 6.2. Product Worksheet

In order to accurately assess freight costs, all vendors must fill in product worksheets when quoting pricing. All fields listed on the **Product Worksheet** form must be filled out at the time of price quote. *(Please see Section 8 - Appendix B, 4. Product Worksheet).*

## 6.3. TOP (Top-Of-Production) Samples

Indigo must receive two TOP samples of each item on order. All TOPs must have final brand packaging and price/UPC stickers. Protective packaging is not necessary on TOP sample. **Product cannot ship without a TOP sample approval by Indigo's Product Development Office in New York.**

One TOP sample must go to each of the following Indigo offices:

- **Indigo Product Development Office/Soho Studios - New York**

Indigo / Soho Studios  
48-50 Walker Street  
New York, NY 10013

- **Indigo Home Office**

**Attn: QA – Product Sample**  
468 King Street West  
Suite 500  
Toronto ON, M5V 1L8

## 6.4. Delayed Samples due to Customs Issues

For any product that is delayed due to customs issues, please contact your designated Indigo contact/buyer.

## **VII. PRODUCT TESTING**

### **7.1. Product Testing Policies**

IPL Vendors are required to provide third-party test reports to ensure that all consumer goods comply with applicable Canadian laws, regulations and industry standards.

Indigo reserves the right to cancel Purchase Orders (each a “PO”) if satisfactory test results are not provided. Requirements of the test report are as follows:

- b. Test documentation is required for all Indigo-branded products;
- c. Test report must be administered by an accredited third-party lab, including, but not limited to, Bureau Veritas, Intertek and SGS. **In-house test reports are not acceptable;**
- d. Test report must be submitted to and approved by Indigo before the initial PO is shipped;
- e. Test report must be dated within one (1) year;
- f. Vendor must allow for sufficient time for testing. If a product is not submitted with sufficient time for testing and order is delayed, vendor is responsible for late charges.

### **7.2. Product Testing Procedures**

Vendors are fully responsible for all testing of production merchandise to guarantee that products pass testing and meet the current Bureau Veritas testing protocol.

#### **7.2.1. Testing Request**

- Vendors are to arrange testing directly with the appropriate BV laboratory and submit a completed Test Request Form including all mandatory fields, signature, and Conditions of Testing page.
- Vendor is responsible for submitting the correct samples and accurately filled form in a timely manner in order to prevent any production or shipping delays.
- Bureau Veritas is responsible for coordinating the requirements directly with the vendor and providing the vendor with the testing protocol. Per vendor request only, a quotation of testing charges will be issued by Bureau Veritas to the vendor.

### **7.2.2. Test Protocols**

A set of test protocols has been developed exclusively for Indigo by Bureau Veritas (“BV”). All protocols are posted on BV’s Docushare website and are made available to W.E. Connor (WECA) IPL Vendors by accessing the following link:

<https://docushare.cps.bureauveritas.com/docushare/dsweb/View/Collection-14776>

Username: **weconner**

Password: **g7xuxEK9**

(Please note: Username and Password are case-sensitive, spaces should not be entered before or after the text.)

All samples will be tested using one of Indigo’s established protocols. Please contact BV at [cps.customer.interaction@us.bureauveritas.com](mailto:cps.customer.interaction@us.bureauveritas.com) if you need assistance determining the appropriate test protocol:

If a protocol does not exist for a specific product type, please allow 3 (three) weeks lead time for the protocol to be developed. Alternatively, Indigo may approve testing using a non-Indigo protocol provided by BV. Partial testing may also be accepted.

### **7.2.3. Partial/Group Testing**

On occasion, Indigo will not require full protocol testing, or Indigo will request specific test evaluations for a product, whether or not there is an established protocol. This is known as partial testing. Indigo may also authorize group testing, where products similar in construction and materials are grouped together on one test report. If partial or group testing has been requested, Indigo will notify WECA (or vendor, if not WECA managed) of the test requirements and WECA must communicate these requirements to the vendor who must then include them on the test request form. BV will only perform partial testing if they receive an e-mail approval from Indigo to proceed with partial testing.

### **7.2.4. Test Request Forms**

All samples must be sent to the lab with a Test Request Form (“TRF”). TRF’s are also available from BV and are posted on the Docushare website.

Indigo has three Test Request Forms:

- Hardlines
- Garment and Textiles
- Toy and Juvenile Products

Please refer to *Section 8 - Appendix B, 1. Test Request Forms* to view samples of each type of Test Request Form (TRF). Please note that only the top portion of the TRF is shown in the Appendix; the bottom half of the TRF is not displayed since completion of this part of the TRF will vary by product type. Highlighted areas indicate required information from Vendor. Vendor should request an appropriate testing service in order to meet the agreed production/shipment schedule. Please note that prior approval must be obtained from Indigo if Express Testing service is required.

### **7.2.5. Transit Testing (Package Testing)**

Unless otherwise requested by Indigo, Transit Testing at BV is not necessary. Instead, vendor will perform an in-house **drop test** on cartons packed for shipping using ISTA-1A standards. *(Please refer to Section 8 - Appendix B, 2. Drop Test Requirements)*

### **7.2.6. Sample Quality and Brand Packaging**

All samples submitted to the lab for testing must be production quality and match the approved **Top of Production (“TOP”)** sample. If the product will be sold in a package, all samples must be submitted with their final brand packaging, including all labelling. Artwork may be submitted in lieu of packaging, provided that the copy is drafted to scale of actual packaging.

### **7.2.7. Test Waiving**

Indigo will not waive any required tests in whole or in part prior to testing. BV will not accept vendors’ requests to waive tests. If a specific test evaluation within a protocol is not applicable to the product, that test will not be performed and will be rated N/A. Should a failure occur, Indigo will evaluate the test report after it is issued, and then Indigo will approve or reject to waive the failed test.

In special circumstances where certain test evaluations are not required, BV needs approval from Indigo to exclude the test from being performed (see Partial Testing above).

### **7.2.8. Test Report Approval**

All test reports must be approved by Indigo prior to shipping of goods, regardless of whether the test report received a PASS or FAIL.

### **7.2.9. Lab Locations**

BV has numerous labs throughout Asia and Europe that specialize in various product areas. Please contact BV customer service ([cps.customer.interaction@us.bureauveritas.com](mailto:cps.customer.interaction@us.bureauveritas.com)) with questions about lab locations.

### **7.2.10. Test Invoices and Payments**

**NEW** Effective from the initiation of all Spring 2015 projects, vendor will be responsible for all testing charges.

- Vendor is responsible for all BV invoice, and for paying BV directly for cost of testing. A vendor contact should be indicated in the “Invoice Recipient” field of the Test Request Form.
- FOB Pricing is to be inclusive of all testing charges.
- Vendor is responsible for ensuring that they have completed agreement with Bureau Veritas and meet the Credit Check requirements.
- Bureau Veritas is to provide vendor with “statement of work”.

### **7.3. Inspection of Goods**

Indigo requires a final inspection of goods by a third party inspector prior to shipment. Indigo uses inspection standard **AQL Level III 2.5 Major**; all finished goods must be 100% packed prior to inspection, unless otherwise stated by Indigo.

---

## **SECTION 5 - SUPPLY CHAIN EXECUTION & VENDOR COMPLIANCE**

### **VIII. Vendor Performance Management Program (VPM)**

Indigo is committed to having a world class supply chain organization focused on delivering the right product to the right place at the right time at the right cost without defect. To help achieve this, Indigo's Vendor Performance Management (VPM) program communicates our supply chain performance guidelines to our vendors, and measures and communicates their compliance against those guidelines. This program is intended to initiate collaborative efforts between Indigo and its vendor community to improve operational efficiencies, product quality, and the customer experience at store level.

### **IX. THE PERFECT ORDER GUIDELINE**

Indigo's **Perfect Order Guideline** applies to all product purchased for resale by Indigo Books & Music Inc. inbound to each of our DC and store locations. This guideline plays a key role in ensuring that our vendors are delivering orders **on-time, complete**, with **accurate** documentation, and **in good condition**, in support of our supply chain productivity goals.

**The Perfect Order Guideline** includes Indigo's performance expectations for:

- On-Time Shipment/ASN
- Fill Rate ("complete" order)
- Accurate Shipment Documentation
- Shipment Quality ("in good condition")

## The Perfect Order Index (POI)

- Indigo defines a “Perfect Order” as one whose shipment is delivered:
  - On-Time
  - Complete
  - Accurately
  - In Good Condition
- The Perfect Order Index is calculated by multiplying the 4 key delivery metrics above:

$$\begin{array}{ccccccc} \% \text{ OF ORDERS} & & \% \text{ OF ORDERS} & & \% \text{ OF ORDERS} & & \% \text{ OF ORDERS} \\ \text{DELIVERED} & \times & \text{DELIVERED} & \times & \text{DOCUMENTED} & \times & \text{DELIVERED IN} \\ \text{ON-TIME} & & \text{COMPLETE} & & \text{ACCURATELY} & & \text{GOOD CONDITION} \end{array}$$

### 9.1. ON-TIME SHIPMENT/ASN DELIVERY (“On Time”)

#### 9.1.1. On-Time Shipment (OTS):

**a. Applicable to:** Vendors that have the following INCOTERMS\*:

- EX WORKS (EXW)
- FOB
- FCA
- CIF

(\* please refer to INCOTERM table (*Section 6, X*) for a summary of Buyer/Seller responsibilities)

**b. Guideline:**

- Indigo expects Purchase Order shipments to be ready and available in full to be handed over within the Ship Window.
- The Ship Window is defined as follows:
  - **For Ocean/Air (outside of North America):** up to ten (10) business days early, and three (3) business days late compared to the final acknowledged/agreed to Purchase Order Carrier-Hand-Over Date (CHO Date).
  - **For Land/Air (inside of North America):** up to ten (3) business days early, and three (3) business days late compared to the final acknowledged/agreed to Purchase Order CHO Date.

- A shipment handed over outside the Ship Window will be considered as non-compliant, and will be charged a cost recovery fee as per the Cost Recovery Schedule (see Fig 1.)
- Rescheduling CHO Date: a CHO Date revision request, initiated by vendor via e-mail, may or may not be approved:
  - If CHO Date revision is approved, OTS performance will be measured against the revised CHO Date, referred to as the “final agreed to” CHO Date;
  - If CHO Date revision is not approved, OTS performance will be measured against the original CHO Date on the Purchase Order.

**c. Freight Notification:**

- A completed Freight Notification Form (please refer to Section 7, Appendix C) must be sent to Indigo’s international Freight Forwarder & Customs Broker (“Carrier”) as follows:
  - **Ocean shipment:** min. 2 weeks in advance of the CHO date.
  - **Air shipment:** min. 2 weeks in advance of the CHO date (outside of North America)
  - **Truck shipment:** min. 3 business days in advance of the CHO date (within North America)
- It is recommended that vendors book as early as possible, but at a minimum based on the deadlines indicated above.
- Upon receipt of the Freight Notification Form, Indigo’s 3PL Provider will provide Routing Instructions to the vendor.

**Please note:** If the expected product completion date is not going to be met, it is the responsibility of the vendor to advise the respective Indigo Product Manager in the New York office and/or the Indigo Category Manager at Home Office as soon as possible.

- Upon receipt of the Freight Notification Form, Indigo’s 3PL Provider will provide Routing Instructions to the vendor.
- Original Customs Documents must be sent to Indigo’s 3PL Provider prior to departure of shipment.
- For Purchase Orders on Letters of Credit, the original customs documents must be sent to Indigo’s appointed bank immediately after departure of the shipment, as soon as the vendor has obtained the Bill of Lading from the freight forwarder.

Please refer to the ***Shipping Guidelines (Section 6)*** for detailed routing instructions.

### 9.1.2. Advance Shipment Notification (ASN) Delivery:

- Indigo expects EDI vendors to send a valid EDI 856 (ASN) **prior to your shipment being handed over** to our International Freight Forwarder, Delmar International, to ensure that your ASN is loaded into our Warehouse Management System at that time; this will allow time for remedial action to be taken in the event of ASN failure. In the future, immediate ASN provision will also support Indigo's plans to deliver enhanced supply chain visibility to monitor our product flow from vendors to distribution centres and stores.
- An **ASN delivery** is considered late and non-compliant if it is not received and processed successfully before delivery of the physical shipment at the respective DC or Store location(s).
- A **non-compliant ASN Delivery** will be charged a cost recovery fee as per the *Cost Recovery Schedule*. Please refer to (Section 5, XI, 11.1, Figure 10).

### 9.2. FILL RATE ("Complete")

- Indigo expects our Purchase Order Lines to be delivered complete, that is, 100% filled, on the initial shipment, for acknowledged (via e-mail) Purchase Order line quantities.
- A variance of +/- 5% of the Purchase Order line order quantity will be tolerated; however, the following results will be considered as non-compliant:
  - A shortage: shipped quantity variance is less than -5%
  - An overage: shipped quantity variance is greater than +5%
  - Wrong/Substitute product shipped
  - **If the item comes in various colors and sizes, there cannot be more than 2% in an individual color or size.**
- A Purchase Order line with a non-compliant Fill Rate will be charged a cost recovery fee as per the *Cost Recovery Schedule*. Please refer to (Section 5, XI, 11.1, Figure 10).

### 9.3. ACCURATE DOCUMENTATION ("Accurate")

- Indigo expects all documentation & EDI transactions preceding, accompanying, and succeeding an inbound shipment to be accurate and complete, matching exactly the details of the respective Purchase Order(s), and ship-to location.
- Such documentation includes:
  - Valid EDI 856 (ASN) (EDI vendors only)
  - Bill of Lading
  - Packing Slip
  - Invoice

- Customs Documentation
- Any of the above Documentation that is non-compliant with the requirements below will be charged a cost recovery fee as per the Cost Recovery Schedule. *Please refer to (Section 5, XI, 11.1, Figure 10).*

### **9.3.1. ASN Accuracy (EDI Vendors only)**

- Indigo expects (EDI) vendors to send a timely, valid and accurate EDI 856 (ASN) whose details exactly match what has been routed for shipment.
- An ASN is considered to be inaccurate and non-compliant if there is an error with, or is missing any of the following required details:
  - Bill of Lading No.
  - Purchase Order No.(s)
  - UPC
  - QTY shipped
- An ASN is considered to be invalid and non-compliant if there is a:
  - systemic error/failure
  - receiving data error/failure

### **9.3.2. Bill of Lading Accuracy**

- Indigo expects all vendor shipments to be accompanied by an accurate Bill of Lading whose details exactly match what has been routed for shipment.
- The Bill of Lading must include at a minimum:
  - The full name and address of Shipper
  - Name of Carrier
  - Consignee:
    - Indigo Books & Music Inc.
    - \*Correct Indigo DC/Store ship-to address\*
  - Accurate BOL No. (same as on respective ASN)
  - Shipment Details:
    - No. of pallets (if applicable)
    - No. of cases/cartons
    - Total Weight shipped
    - Purchase Order No.(s)
    - Ship Date
    - Description of Items Shipped & QTY
  - Wood packaging declaration
  - Indication of products that require special handling or stowage.

- Indication of food products that require temperature control and/or put-away within a given time.
- A Bill of Lading is considered to be inaccurate and non-compliant if there is an error with, or is missing any of the above required details.

### **9.3.3. Packing Slip Accuracy**

- Indigo expects all vendor shipments to be accompanied by an accurate Packing Slip whose details exactly match what has been routed for shipment.
- The Packing Slip must contain, at a minimum:
  - Purchase Order No.(s)
  - Date of Shipment
  - Ship-to Location/Address (Destination)
  - List of UPCs
  - List of Product Descriptions
  - Total units shipped by Description and total quantity back-ordered
  - List of correct lot numbers (if applicable)
- The Packing Slip should be easily identified on the outside of the shipment.
- A Packing Slip is considered to be inaccurate and non-compliant if it does not meet any of the above requirements.

### **9.3.4. Invoice Accuracy**

- Indigo expects EDI vendors to send a valid and accurate Invoice (EDI 810 document) whose details match the respective Purchase Order details for the exact item(s) and quantity(s) that have been shipped.
- Non-EDI vendors are expected to include the following Purchase Order details on their paper invoices. The Invoice must accurately contain:
  - Invoice No.
  - Invoice Date
  - Vendor's DUNS #
  - Purchase Order No.(s)
  - Date of shipment
  - Accurate payment terms
  - Payment currency
  - List of UPCs shipped
  - List of Product Descriptions shipped
  - Quantity Shipped by Item (in eaches) by UPCs
  - Accurate Unit Price (per each) of UPCs shipped
  - Detailed list of other applicable charges & unit/total price per charge

- Accurate invoice sub-total
- Accurate calculation of total applicable taxes & duties
- Accurate calculation of total all other applicable charges
- Accurate grand total calculation
- An Invoice is considered to be inaccurate and non-compliant if it does not meet any of the above requirements.

## Compliance

A **violation/infraction** means non-compliance with any component of this guideline for the receipt of each shipment (full, split, or partial) of a Purchase Order Line Item.

Examples:

- Non-compliance with the On-Time Shipment guideline will be measured at the Purchase Order Line level, and will each constitutes a single violation.

Failure to meet Indigo's requirements will lead to the respective shipment being subject to a non-compliance **cost recovery charge** as per *The Perfect Order Guideline - Cost Recovery Schedule*. Please refer to (Section 5, XI, 11.1, Figure 10).

## **9.4. IN GOOD CONDITION (Shipment Quality)**

### **9.4.1. Case & Pallet Labeling Guideline**

Indigo's **Case & Pallet Labeling Guideline** applies to all inbound product that has been purchased for resale by Indigo Books & Music. This guideline plays a key role in ensuring that vendors provide the label requirements for shipment to our DC and Store locations in the manner expected to support our supply chain productivity goals.

Definitions:

**Master/Outer Case/Pack:** a vendor's outermost carton containing the ordered units, packed loosely or in inner packs.

**Inner Case/Pack:** packaging material (i.e. inner carton, polybag, ...) grouping together a number of ordered units within a master/outer pack.

#### **9.4.1.1. Case & Pallet Labeling Requirements for EDI Vendors**

Indigo expects that the majority of our vendors are transacting via EDI. This section applies to all vendors transacting via EDI.

##### **i. General Label Requirements**

A labeling violation will occur if a label is missing, inaccurate or unscannable. Reasons why a label would be identified as missing, inaccurate or unscannable include:

- GS1-128 label is missing
- Invalid SSCC-18 code used for Handling Unit Number
- Invalid characters (presence of symbols or alpha characters)
- Duplicate barcodes (duplicate barcodes will not be accepted)
- Photocopy (photocopies of labels taped to cases will not scan correctly)
- Poor print quality which causes the label to not scan correctly
- Defaced and/or partially missing label
- Barcode and human readable are different (barcode must de-code to the human readable number printed on the label)
- Barcode is too big (bleeds to edge of label) or too small
- Tape over label (including "clear" tape)

## **ii. Inner Case/Pack Labeling Requirements for EDI Vendors**

These requirements only apply if there is an Inner Case/Pack inside an Outer Case (see Outer Case requirements below). Indigo does not require an EDI GS1-128 label to be provided on inner cases/packs for EDI vendors. However, Indigo does require labeling for Inner Cases/Packs as follows:

- Each inner case/pack must be labeled with a human readable UPC of the product (scannable barcode is optional).
- The inner case/pack label can be no smaller than 1" x 1"
- Use of a stencil and/or printed on the inner case/pack is permitted
- The unit quantity contained within the inner case/pack must be indicated on each inner case/pack label.
- The inner case label must appear on one side only, in the upper right hand corner. It should not appear on more than one side of the inner case.

## **iii. Outer Case (Master Carton) Label Requirements for EDI Vendors Sending Case Level ASNs**

Each Outer Case must contain an EDI GS1-128 Label in accordance with GS1 Global Standards. Indigo's label requirements follow standard GS1/EAN SSCC-18 common label formats. Detailed information about the SSCC-18 data structure and associated GS1/EAN-128 symbol can be found online at <http://www.gs1ca.org/home.asp>.

## Indigo GS1- 128 Label Zones

The label is formatted into several information zones. Zones include both human readable information and GS1/EAN-128 information. Each zone contains a zone title and information pertaining to that zone. Please see the illustration and zone explanations below.

Illustration not to scale  
Actual size = 4"x6" conforming to GS1 standards

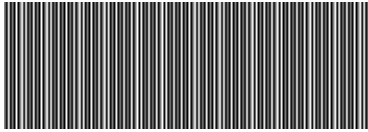

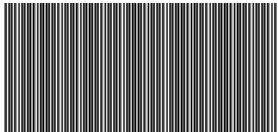

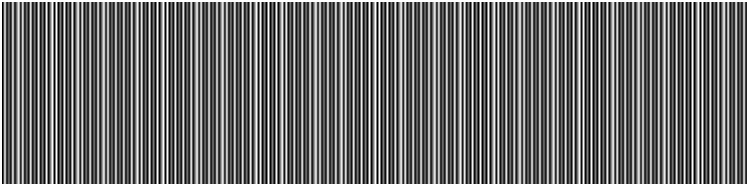

Zone A	<b>Ship From:</b> Ship From Name Address 1 Address 2 City, State Postal Code		
Zone B	<b>Ship To:</b> Ship To Name Address 1 Address 2 City, State Postal Code		
Zone C	<b>Carrier:</b> <b>B/L Number:</b> <b>PO:</b> <b>UPC:</b> <b>Carton Qty:</b>	(420) Ship To Postal Code  (420) 85263	Zone D
Zone E	<b>Final Destination Store:</b> (91) 956 	<b>Final Destination:</b> Final Destination Name Address 1 Address 2 City, State Postal Code	Zone F
Zone G	Serialized Shipping Container Number  (00) 0 125385 012345678 9		

Figure 1 - Indigo GS1- 128 Label with Zones.

Zone	Content	
A	Vendors ship from name and address <b><u>is required</u></b>	10 to 12 pt font
B	Ship to name and address <b><u>is required</u></b>	10 to 12 pt font
C	Shipment Information -Carrier <b><u>is required</u></b> - B/L # <b><u>is required</u></b> if available ; must be provided in EDI 856 - PO Number <b><u>is required</u></b> - UPC <b><u>is required</u></b> -Carton Qty <b><u>is required</u></b>	10 to 16 pt font
D	Ship To postal code and barcode	10 to 16 pt font
E	Final Destination Store Number and bar code <b>(for Cross-Dock shipments only; if DC shipment, indicate DC #)</b>	10 to 16 pt font
F	Final Destination Name and Address <b>(for Cross-Dock shipments only; leave blank for DC shipments)</b>	10 to 16 pt font
G	UCC-128 Serial Shipping Container Code (SSCC-18) <b><u>is required</u></b> <b>Packaging Type indicator (3<sup>rd</sup> digit):</b> <ul style="list-style-type: none"> <li>• "0" for case/carton</li> <li>• "1" for pallet</li> </ul>	20 mil bars

Figure 2 - Indigo GS1- 128 Label Zones.

#### iv. Cross Dock Label Requirements

Indigo's labeling requirements for cross-dock shipments are slightly modified from the GS1-128 Label Zone Example provided above. The differences are as follows:

- The Final Destination Name and Address in Zone F must also include the Indigo DC Dock Spot that corresponds to this Final Destination Name & Address.

#### v. Label Placement

- The GS1-128 label must be placed on the shortest side of the outer case on the right hand side; labels must all be placed under shrink wrap;
- Barcodes must be printed in vertical bar configuration;
- Placement of the label must be such that the bottom edge of the barcode containing the SSCC-18 is located at least 1.25 inches from the bottom of the outer case (shipping container);
- The outermost bar of the barcode cannot be closer than 1.25 inches from the vertical edge of the outer case (shipping container);
- If unable to have the barcode containing the SSCC-18 at least 1.25 inch from any edge of the outer case (shipping container), then place the GS1-128 carton label on "top" of the outer case (shipping container);

- Outer cases should only contain one unique GS1-128 label. All additional “internal” barcodes on the outer case must be marked out or covered as this is in conflict with the barcode on the GS1 -128 shipping label.

#### vi. Package Type Indicator - Case vs. Pallet Label

As indicated in **Zone G of Indigo GS1- 128 Label Zones** (Figure 2 above); the 3<sup>rd</sup> digit of the SSCC code indicates the unit level packaging type (i.e. case/carton vs. pallet) as follows:

- “0” for carton
- “1” for pallet

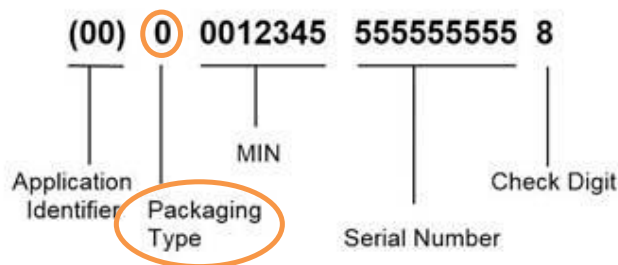

Figure 3 – SSCC – Packaging Type Indicator

- For pack/case/carton level shipments, the individual pack/case/carton labels would include a “0” in the 3rd digit of the SSCC code.
- For pallet shipments, the pallet label would include a “1” in the 3rd digit of the SSCC code.

#### 9.4.1.2. Case Labeling Requirements for Non EDI Vendors

Indigo expects that the majority of our vendors are transacting via EDI. This section applies to all vendors that are not transacting via EDI. This section is also relevant for the small number of suppliers that are being sent a PO via EDI, but are unable to send Indigo an ASN. These vendors are deemed to be Non EDI vendors.

##### i. General Label Requirements

A labeling violation will occur if a label is missing or unscannable. Reasons why a label would be identified as missing or unscannable include:

- Label does not scan at all
- Invalid characters (presence of symbols or alpha characters)

- Duplicate barcodes (duplicate barcodes will not be accepted)
- Photocopy (photocopies of labels taped to cases will not scan correctly)
- Poor print quality (which causes the label to not scan correctly)
- Defaced and/or partially missing label
- Barcode and human readable are different (barcode must de-code to the human readable number printed on the label)
- Barcode is too big (bleeds to edge of label) or too small
- Tape over label (including “clear” tape)

## **ii. Inner Case/Pack Labeling Requirements for Non- EDI Vendors**

These requirements only apply if there is an Inner Case/Pack inside an Outer Case. The requirements for Non-EDI vendors are identical to Indigo’s requirements for EDI vendors regarding Inner Cases/Packs (*please refer to Section 9.4.1.1(ii) above*).

## **iii. Outer Case (Master Carton) Label Requirements for Non-EDI Vendors**

Each outer case must contain a Non-EDI Shipping Label as outlined below. Please produce the non-EDI carton label presented below (*Figure 4*), using the subsequent Zone content table (*Figure 5*), and in the appropriate size. Place a label on each outer case in the shipment (an editable label template can be provided upon request).

### **Indigo Non-EDI Shipping Label Zones**

The label is formatted into several information zones; it is very similar to Indigo’s GS1-128 Shipping Label for ASNs provided above. Zones include both human readable information and GS1/EAN-128 information. Each zone contains a zone title and information pertaining to that zone. Please see the illustration and zone explanations below.

\*Illustration not to scale  
Actual size = 4"x6"

Zone A	<b>Ship From:</b> Ship From Name Address 1 Address 2 City, State Postal Code		Zone D
Zone B	<b>Ship To:</b> Ship To Name Address 1 Address 2 City, State Postal Code

E	Final Destination name and address (for Cross-Dock shipments only; leave blank for DC shipments)	10 to 16 pt font
F	<b>NON EDI – <u>is required</u></b>	36 to 40 pt font

Figure 5 - Indigo Non-EDI Shipping Label Zones.

### 9.4.1.3. Labeling for Specialty Products- EDI & Non-EDI Vendors

#### i. Fragile Products

- Fragile or other product requiring special handling must be clearly labeled on the case.
- If commodities require special handling or stowage, the packaging should be marked accordingly; this information should also appear on the Bill of Lading.
- Any cautionary markings must be permanent and easy to read. Use the languages of both the country of origin and English.
- The use of stencils is recommended for legibility – do not use crayon, pencil, or chalk, which may be erased, or tags and cards, which may become detached.

#### ii. Other Handling Indicators

- Expiry' and 'Best Before' dates must be clearly indicated on at least one side of each carton.
- Any goods requiring temperature control including protection from freezing must be identified as such on the carton and on the Bill of Lading. It is recommended that

temperature requirements be clearly stated on the cartons as a guideline. Failure to identify goods in this manner may result in your account being charged for the value of the goods, freight and any excess freight to replace the goods in the event the carriers move goods without temperature controls and the goods are unsalable as a result.

### iii. Assortments

If “assortments” are being purchased by Indigo, please contact your respective Product Manager in the New York office (or Indigo buyer at Home Office) to further discuss the master data, Purchase Order and receiving processes associated with product of this nature. Indigo’s experience has been that there are differing definitions of “assortments’ in the General Merchandise community so this will assist in avoiding misunderstanding and poor supply chain execution.

## Compliance

Indigo expects our vendors to comply with this guideline. A **violation/infraction** means non-compliance with any component of this guideline for receipts under a single shipment.

Example:

- Non-compliance of the shipping label guideline on each carton of a 60-carton shipment in response to one Purchase Order constitutes a single violation, not 60 violations.

Failure to meet Indigo’s requirements will lead to the respective shipment being subject to a non-compliance **cost recovery fee** as per *The Perfect Order Guideline - Cost Recovery Schedule*. Please refer to (Section 5, XI, 11.1, Figure 10).

## 9.4.2. Packaging Guideline

Indigo's **Packaging Guideline** applies to all product purchased for resale by Indigo Books & Music Inc. inbound to each of our DC and Store locations. This guideline plays a key role in ensuring that vendors provide the packaging, carton and pallet requirements for shipments to our DC and Store locations in the manner expected to support our supply chain productivity goals.

The Packaging Guideline includes Indigo's requirements for:

- Inner/Outer Case Pack
- Carton Specific Packaging
- Inner Packaging Material
- Packaging for Specialty Product, including:
  - Fragile product
  - Apparel & Accessories
  - Food/Gourmet
  - Other
- Inner/Outer Package Labeling
- Environmental Reporting and Packaging Requirements
- Price Ticket Placement (on customer facing merchandise)

**Indigo is an environmentally responsible company. We encourage the use of environmentally sensitive packaging materials (recycled and recyclable).**

### 9.4.2.1. Inner/Outer Case Pack Requirements

Figure 6 -Master/Outer & Inner Packs

- All products must be packed in accordance with the master/outer case pack and inner case pack quantities that are agreed to on the original Purchase Order. Any deviation in inner/outer case pack quantities may result in a non-compliance cost recovery charge (see *Figure 10*).
- Each outer case/master carton must contain only one SKU/UPC/EAN.
- Each inner case must contain only one SKU/UPC/EAN.
- Each inner/outer case/carton must contain merchandise for only one Purchase Order.
- For Apparel & Accessories: each carton must contain only one style, colour and size combination (that is, one SKU/UPC).
- If a single SKU/UPC does not completely fill a carton, the remaining space must be filled with inner packaging material (dunnage).

#### **9.4.2.2. Carton Specific Packaging Requirements**

##### **i. Master/Outer Pack (Carton) Packaging Requirements:**

At a minimum, all master/outer cartons/cases used to pack product to be shipped must be packaged according to the following standards:

- Cases must be made from new/clean corrugated cardboard.
- The following are our case size requirements:
  - **Maximum size:** cases must not exceed **23" (L) x 22" (W) x 16" (H)** (any exceptions for gift, toy, baby product must be pre-approved by the respective Indigo contact/buyer ahead of delivery).
  - **Minimum size:** **10" (L) x 5" (W) x 5" (H)**
- Filled case weight must not exceed 40 lbs (any exceptions must be pre-approved by the respective Indigo contact/buyer ahead of delivery).
- Cases must be double-wall (5ply) with minimum edge crush strength of 50 lbs (22 kilos), and a bursting strength of 200lb/in<sup>2</sup> (1379kPa -13.4kg/cm<sup>2</sup>).
- Exceptions are for Food (liquids & semi-liquid) and Furniture which require a bursting strength of 275lb/in<sup>2</sup> (1896kPa - 18.4kg/cm<sup>2</sup>)
- The top and bottom seams of open cartons/cases must be sealed using strong packing tape.
- Use of binding, straps, staples, shrink-wrap or glue is not acceptable.
- The use of cardboard Gaylord boxes/containers, wooden or plastic crates are not permitted.
- Only vendor markings regarding respective shipment, possibly corrugate manufacturer info, and courier label (if applicable) may be on master carton. No other markings are allowed.

- Product indicators, logos, and labels on the outside of the master carton must be for the product contained inside only.
- Special handling instructions must be indicated on the master carton (i.e. “fragile”, “glass”, “This way up”, “Do not double stack” etc...).

#### **ii. Inner Pack Packaging Requirements:**

- Quantity of one (1) for inner carton is not acceptable.
- Minimum quantity per inner is 4 units.
- Inner packs may be in the form of cartons or polybags, depending on item specifications.
- The top and bottom seams of open inner cases must be sealed using strong packing tape.
- Polybags must be clear and made from film that is at least 0.75 mil [19.0 µm] thick.
- If this is a polybag that Indigo’s customer will ultimately receive, and it has an opening that is greater than 14 inches in circumference, then the polybag must have on it, printed legibly in black, the following anti-suffocation safety warning in both official languages:

**"PLASTIC BAGS CAN BE DANGEROUS. TO AVOID DANGER OF SUFFOCATION KEEP THIS BAG AWAY FROM BABIES AND CHILDREN."**

**“LES SACS DE PLASTIQUE PEUVENT ÊTRE DANGEREUX. POUR ÉVITER LE DANGER DE SUFFOCATION, NE LAISSEZ PAS CE SAC À LA PORTÉE DES BÉBÉS NI DES ENFANTS”**

- This warning may be expressed in different words if those words clearly convey the same warning.
- Inner packs must have a human readable UPC/EAN properly affixed (scannable barcode is optional).

#### **iii. Drop Test Requirement:**

Please refer to *Section 8, Appendix B, 2.* for required Drop Test Procedure.

#### **9.4.2.3. Inner Packaging Material Requirements**

- Although bulk shipments are warehoused in the Indigo DC, product must be packed properly to handle further distribution to Indigo Stores or online customers.
- At a minimum, all products should be packed inside a carton/case according to the following standards to ensure that they are adequately secured, supported and protected from damage during travel and handling:

- Product must be properly protected using clean packing materials, and sufficiently separated from other items within the same container so as to avoid possible damage due to contact.
- Inner voids within cartons/cases must be filled with packing materials (dunnage, air pillows,...).
- Packing materials requirements:
  - The use of Packing Paper (dunnage), Tissue, Air Pillows and Foam is permitted so long as they provide sufficient protective packaging for the products in the container.
  - The use of Packing Poly Peanuts, Newspaper, Printed Material, Hay, or Straw is not permitted.
- Protective packaging (i.e. polybags, tissue, 'baggies',...) must each be labeled (on the outside) with a UPC barcode of the product (scannable barcode is optional).
- All liquid products must have a sealed cap and must be packed to contain accidental leakage.
- All furniture or large items must be sufficiently packed to avoid damages from water and dust and to withstand long haul transportation.
- The use of polystyrene foam for packing furniture is permitted.
- All sharp or pointed objects/product edges must be wrapped in such a way so as to avoid puncturing the carton/case.
- Protective carton inserts are required on top of product to ensure knife damage will not occur.
- Please note: vendor is required to send thirty (30) days prior notification of any new configurations/packaging changes that will ship to Indigo's DC or Store locations.
- Notification must be sent via email to the respective Indigo contact/buyer and DC Transportation Manager.

#### **9.4.2.4. Pallet Specific Packaging Requirements (if applicable)**

##### **i. Pallet Physical Properties:**

Indigo requires that all inbound shipment pallets meet the following requirements:

- Pallet dimensions: 40" x 48"
- Pallet Max Height: must not exceed 52" inches (includes pallet + product height) - (exceptions must be pre-approved by Indigo contact/buyer, ahead of delivery)
- Pallet type:
  - Standard 4-way wooden pallets only
  - Please note: CHEP, CPC, plastic, 9-block, chipboard, and damaged pallets are **not** acceptable

CHEP Pallet

Figure 7 – Acceptable vs. Unacceptable Pallet Types

## ii. Pallet Packing & Stacking:

- A Pallet must contain product for one DC or store ship-to-location only (no mixed destinations).
- Heavier product must be placed on the bottom of the pallet.
- Where possible, cases/cartons containing the same item should be grouped together on the same pallet, **up to a maximum height of 52"**.
- All pallets must be securely shrink-wrapped with no overhang of product (*see Figure 8 below*).
- The use of cardboard Gaylord boxes/containers, wooden or plastic crates are **not** permitted.
- Pallets may be double-stacked only if bottom pallet is leveled and the product on the bottom pallet will not get damaged.
  - Shipper will take responsibility for any damage resulting from double-stacking.
  - Triple stacking of pallets is **not** allowed.

Figure 8 – Unacceptable Pallet Overhang

### Special Considerations:

- Any merchandise shipment that requires special handling should be identified and pre-approved prior to the initial shipment by contacting the respective Indigo contact/buyer and the DC Transportation Manager.

- For example, in the event that filled case weight exceeds maximum allowable weight of 40 lbs (per case), as this will require special shipping arrangements.

### iii. **Pallet Shipment – ASN Structure (EDI vendors only, if applicable)**

For EDI vendors who provide full (or half) pallet shipments of a single product (i.e. single UPC): Indigo requires the vendor to provide one of the following:

1. **Pallet ASN** (SOTI structure), or
2. **Super-Pack ASN** (Super-pack SOPI structure)

(Please note that only one structure type (SOPI or SOTI) can be used per ASN, that is, one ASN cannot contain both SOPI and SOTI structure types.)

## 9.4.2.5. **Packaging for Specialty Products**

### i. **Fragile Products**

- All fragile items (glassware, ceramics, gift items, furniture...) must be adequately packaged to protect merchandise from breakage or damage.
- If products require special handling or stowage, the packaging should be marked; this information should also appear on the Bill of Lading.
- Please refer to *Labeling for Specialty Product* in the *Case & Pallet Labeling Guideline (Section 5, IX, 9.4.1.3, i)* for further instruction on labeling fragile product.

### ii. **Apparel & Accessories**

- All apparel merchandise, which is not already pre-packed in a floor-ready (branded) package, must be individually packed by size in polybags.
- Units sold as assortments/sets/pre-packs (using one UPC number) must be packed in the same polybag/carton in the full size assortment going to a store.
- Each master carton may contain only one UPC.
- Do not mix sizes, styles or colours in the same carton (unless they are part of an assortment/set/pre-pack under one UPC).
- Where available, clothing items should be shipped on a sales floor ready hanger.

### iii. **Food/Gourmet (only where applicable)**

- For food, gourmet and any other such product with a shelf life the 'Best Before' date must be clearly indicated on at least one side of each carton (in addition to being indicated on each of the item itself).

- Any goods requiring temperature control including protection from freezing must be identified as such on the carton and on the Bill of Lading.
- In order to ensure receipt and put-away within a 48hr window, gourmet/food and any other perishable product must be clearly indicated/identified as such:
  - On the Freight Notification Form (for Indigo controlled freight);
  - At time of booking a DC delivery appointment (for vendor controlled freight).

#### **iv. Other**

- Any pre-approved shipments containing oversized and/or heavy cartons must have “HEAVY” and/or “OVERSIZED” marked on the respective carton in either label or legible preprint carton marking format.
- Any cartons containing cosmetics must have the ‘Expiry’ and ‘Best Before’ dates clearly indicated (marked/labeled) on at least one side of each carton (in addition to being indicated on each of the item itself).

### **9.4.2.6. Package Labels (Inner/Outer Case)**

#### **Labeling Compliance to Canadian Laws and Regulations**

- All case and package labeling must comply with all applicable Canadian laws and regulations, and must adhere to any prescribed national standards and warnings. Cost of all labeling is the responsibility of the vendor and must be included in the cost of the goods. Product must meet these conditions at time of shipment from vendor’s facility or manufacturing site.
- Vendors may be asked to provide a copy of inner/outer case label for review, if necessary.
- Please refer to *The Case and Pallet Labeling Guidelines (Section 5, IX, 9.4.1)* for further detail.

### **9.4.2.7. Packaging Requirements**

#### **i. Product and Packaging Requirements:**

Indigo will not accept illegally harvested wood and paper products. Indigo will immediately terminate business with vendors found to use such wood in its packaging materials.

## ii. Sustainable Packaging:

Where paper packaging is used (either corrugate or non-fluted paperboard packaging), Indigo prefers that vendors avoid virgin materials and use recycled materials.

## iii. Wood Packaging Requirements:

Please refer to *Section 8, Appendix A* for Indigo's wood packaging requirements.

### 9.4.2.8. Price Ticket Placement (on customer facing merchandise)

All merchandise must be shipped to our Distribution Centres and Stores with a scannable UPC or EAN barcode, and a Price Ticket/Sticker placed on the customer-facing merchandise (boxed/wrapped or unboxed/unwrapped).

Please refer to the **Indigo Private Label Brand Guidelines** document for Indigo's brand standards and regulations for all Private Label General Merchandise (price ticket guidelines).

Please ensure any labels or price stickers used are low-tack.

### 9.4.3. Damage-Free Shipment/Product ("Damage Free")

- Indigo expects vendor shipments to be delivered damage-free, with all products packed according to Indigo's Packaging Guidelines (*see Section 5, IX, 9.4.2*).
- A shipment is considered to be **damaged** and non-compliant if there is any visible or concealed damage to the packaging and/or the product, rendering it not saleable.
- A damaged and non-compliant shipment may be charged a cost recovery fee as per the *Cost Recovery Schedule Summary* (*see Section 5, XI, 11.1, Figure 10*).
- Indigo will be noting any visible damage on the Bill of Lading at the time of offloading; where Indigo is responsible for the freight terms, Indigo will initiate the claim with their appointed carrier.
- For concealed damage, Indigo will place the respective damaged items in their DC Quarantine and short-pay the respective invoice (for the amount of the damaged articles).
- In the event of any required sorting/reworking at the DC for damaged shipments, a cost recovery fee may be charged as per *Cost Recovery Schedule Summary* (*see Section 5, XI, 11.1, Figure 10*).

- In the event of any required sorting/reworking at the DC for damaged shipments, a cost recovery fee may be charged as per the *Cost Recovery Schedule* (see *Figure 10*).

#### **9.4.4. Compliance**

Indigo expects our vendors to comply with these guidelines. A violation means non-compliance with these guidelines for receipts under a single shipment.

Example:

- Non-compliance of the packaging guideline on each carton of a 60-carton shipment in response to one Purchase Order constitutes a single violation, not 60 violations.
- Non-compliance with the Damage-free Shipment guideline for a delivery constitutes a single violation.

Such violations may result in delays and rework, and may incur a **cost recovery charge** as per *The Perfect Order Guideline - Cost Recovery Schedule*. Please refer to (Section 5, XI, 11.1, *Figure 10*).

## **X. QA COMPLIANCE - PRODUCT SAFETY, COMPLIANCE & TESTING**

### **10.1. Product Safety Policies**

While all products sold to Indigo must be in compliance with all applicable Canadian laws and regulations, Indigo has additional policies regarding food products and children's jewellery/hair accessories. At any time, further policies may be added as safety concerns arise.

**Food Products** – Due to increasing industry and consumer concern regarding food safety practices in China, Indigo will not purchase food products containing ingredients sourced from China. In addition, Indigo will not purchase food products that are made or assembled, in whole or in part, in this region. Limited exceptions may be made by Indigo for certain types of food product – for example, tea made in China may be acceptable. Any exception must be authorized by Indigo in writing.

**Children's Jewellery/Hair Accessories** – Indigo will not purchase any children's metal jewellery/hair accessories. Indigo will only purchase children's plastic jewellery/hair accessories that, if they contain a metallic coating, do not contain lead and/or cadmium, or any other heavy metals.

### **10.2. Product Alerts, Recalls & Withdrawals**

In the event of a Canadian or US regulatory government recall or alert of a product safety risk, Indigo reserves the right to issue a recall notice, cancel outstanding purchase orders and return all product for a full refund and charge back the vendor any costs incurred to facilitate the recall/withdrawal.

Vendors are responsible for supplying safe, quality products produced under Good Manufacturing procedures. All non-conformances are to be identified and investigated to ensure product integrity is maintained.

Vendors are responsible for advising Indigo regarding any non-compliances brought to their attention as well as any regulatory contacts or recall request regarding Indigo products. Vendors are required to report these occurrences to the respective category manager in a timely manner.

### 10.3. Food/Gourmet Vendors – Additional Requirements

#### 10.3.1. Indigo Allergen Checklist

The Indigo Allergen Checklist (*see Section 8, Appendix B-2*) must be completed by the manufacturing facility and submitted to Indigo Quality Assurance (QA) prior to shipment of goods, for review against final product label. Completed Allergen Checklists are to be sent to [Lmetcalfe@indigo.ca](mailto:Lmetcalfe@indigo.ca).

#### 10.3.2. Marketing Samples

Indigo’s Food/Gourmet Category Managers will contact Food/Gourmet vendors regarding marketing sample requirements.

#### 10.3.3. Product Codes

- Indigo requires that each salable unit of food be identified with a code mark in the form of a Best Before Date (“BBD”) on the label or container. Coding is mandatory to trace products through the distribution chain and to facilitate recalls.
- An example of the Canadian Food Inspection Agency (“CFIA”) Best Before Date format is shown in the table below.
- The term ‘Best Before’ must be shown in English and French (Best before / Meilleur avant).
- The year must appear first, followed by the month, then the day. This format is used to avoid confusion in date interpretation.
- The month must appear in both official languages by using specified bilingual Month symbols, as shown below.

Shelf Life	Code Date Type Required	CFIA Format
All shelf lives, including 90 days or less	Use “Best Before Date” NOT “Expiry Date”	Best before 08 JA 30 Meilleur avant

Month	Bilingual Month Symbols to be used in Code
January:	JA
February:	FE
March:	MR
April:	AL
May:	MA
June:	JN

July:	JL
August:	AU
September:	SE
October:	OC
November:	NO
December:	DE

- If BBD codes are applied by sticker, the adhesiveness must be validated to withstand handling, to ensure traceability of the code.

#### **10.3.4. Shelf Life**

Products arriving at Indigo’s DCs and/or Store locations must have 80% of their shelf life remaining at time of receipt.

#### **10.3.5. Indigo Quality Assurance Samples for Review**

- Two final production samples from the manufacturing facility are required by Indigo QA to review the **Best Before Date coding and final label compliance to Canadian Regulations** for QA Release.
- Send samples to **Indigo Home Office** to the attention of “**QA – Product Sample**”  
468 King Street West  
Suite 500  
Toronto ON, M5V 1L8

#### **10.3.6. Temperature Control**

Chocolate confectionery temperature control in transit to DCs and/or Store locations is to be arranged where required.

#### **10.4. QA Non-compliance**

- Any manufactured product that deviates from the approved sample is considered to be non-compliant.
- Indigo QA requires a response back within 24 hours to any inquiries pertaining to non-compliance issues or customer complaints, and where applicable the completion of a Root Cause and Corrective Action form.

## XI. VENDOR COMPLIANCE PROGRAM

### 11.1. Summary

Indigo expects vendors to comply with the guidelines and requirements detailed in this manual for all product shipments to Indigo. Vendor non-compliance with these requirements disrupts Indigo's supply chain processes, thus affecting the high level of service we strive to deliver to our customers. Our vendor non-compliance policy is intended to recover incremental costs incurred by Indigo as a result of such non-compliance.

**Non-compliant shipments** may result in receiving delays and require rework at Indigo DCs and/or Stores, and hence, may incur a cost recovery charge as summarized in the **Non-Compliance Cost Recovery Schedule** below for all respective guidelines specified in this manual:

COST RECOVERY SCHEDULE (effective July 1st, 2014, unless otherwise stated)			
Metric	Delivery Guideline	Violation	Cost Recovery Fee
ON-TIME	<b>On-Time Shipment</b> Handed over to Carrier within <b>Ship Window :</b> <b>3 days earlier/3 days later</b> <b>than final agreed to CHO date</b>	<b>PO Handed Over to Carrier:</b> <ul style="list-style-type: none"> <li>▪ More than 3 days early</li> <li>▪ 1-14 days after Ship Window</li> <li>▪ &gt;14 days after Ship Window</li> <li>▪ Minimum Chargeback</li> </ul>	2% x QTY* early 2% x QTY* late 5% x QTY* late *(PO value)  \$250 minimum per PO
	<b>ASN Delivery</b> <ul style="list-style-type: none"> <li>▪ Sent prior to carrier-hand-over</li> <li>▪ Received and processed successfully before delivery of physical shipment at DC/Store(s)</li> </ul>	<ul style="list-style-type: none"> <li>▪ EDI 856 not sent</li> <li>▪ Valid EDI 856 sent late</li> </ul>	\$250 per shipment to DCs*  \$100 per shipment to Stores*  (*currently in effect)
COM- PLETE	<b>Fill Rate</b> PO Line 95% filled on initial shipment  If various colors & sizes, no more than 2% in an individual color or size	<b>Fill rate variance from PO Line QTY</b> <ul style="list-style-type: none"> <li>▪ +/- 5-10%</li> <li>▪ +/-10% or greater</li> <li>▪ +2% or greater</li> </ul>	2% of non-compliant QTY* 5% of non-compliant QTY*  5% of non-compliant QTY* *(PO value not filled)
ACCURATE	<b>Accurate Documentation:</b> <ul style="list-style-type: none"> <li>▪ ASN Accuracy</li> <li>▪ BOL Accuracy</li> <li>▪ Packing Slip Accuracy</li> <li>▪ Invoice Accuracy</li> </ul> <b>Accurate UPC:</b> Correct UPC shipped	<ul style="list-style-type: none"> <li>▪ Inaccurate/invalid EDI 856</li> <li>▪ Non-compliant/Missing BOL</li> <li>▪ Non-compliant/Missing Packing Slip</li> <li>▪ Non-compliant Invoice</li> <li>▪ Incorrect UPC</li> </ul>	\$250 per violation* (applies to all cases of inaccuracy/invalidity)  (*currently in effect)

<b>Metric</b>	<b>Delivery Guideline</b>	<b>Violation</b>	<b>Cost Recovery Fee</b>
<b>CASE &amp; PALLET LABELING</b>	<b>Case &amp; Pallet Label (General)</b>	For both EDI/non-EDI Outer Case & Pallet Labels: <ul style="list-style-type: none"> <li>▪ Label Missing</li> <li>▪ Label Unscannable</li> </ul>	\$250
	<b>Inner Case/Pack Label (for both EDI &amp; non-EDI)</b>	<ul style="list-style-type: none"> <li>▪ UPC not on label</li> <li>▪ Incorrect label size</li> <li>▪ Inner case/pack qty not indicated/ incorrect</li> <li>▪ Incorrect label placement</li> </ul>	\$250
	<b>Outer Case Label (for both EDI &amp; non-EDI)</b>	<ul style="list-style-type: none"> <li>▪ Incorrect Label format</li> <li>▪ Incorrect label placement</li> <li>▪ Not a unique GS1-128 label (EDI vendors only)</li> <li>▪ Multiple GS1-128 labels on one case (EDI vendors only)</li> </ul>	\$250
	<b>Cross-Dock Label</b>	<ul style="list-style-type: none"> <li>▪ Incorrect cross-dock label format</li> <li>▪ Incorrect DC Dock Spot indicated</li> <li>▪ Incorrect Final Destination Name/Address indicated</li> </ul>	\$250
	<b>Specialty Product/Handling Labels</b>	<ul style="list-style-type: none"> <li>▪ Special handling/stowage not labeled/marked</li> <li>▪ Markings not legible/erased, not written in all required languages</li> <li>▪ Expiry/Best Before dates/ Temperature Control not indicated when required</li> <li>▪ Labeling error for Assortments</li> </ul>	\$250

Metric	Delivery Guideline	Violation	Cost Recovery Fee
PACKAGING	<b>Inner/Outer Case Pack</b>	<ul style="list-style-type: none"> <li>▪ Incorrect case pack quantity</li> <li>▪ Mixed UPCs in inner case</li> <li>▪ Mixed UPCs or POs in outer case</li> </ul>	\$250
	<b>Inner Packaging Materials</b>	<ul style="list-style-type: none"> <li>▪ Incorrect packaging material used</li> </ul>	\$250
	<b>Pallet Requirements (where applicable)</b>	<ul style="list-style-type: none"> <li>▪ Incorrect/bad pallet type</li> <li>▪ Improper packing/stacking</li> <li>▪ Maximum pallet height exceeded</li> </ul>	\$250
	<b>Carton Requirements</b>	<ul style="list-style-type: none"> <li>▪ Filled case weight &gt; 40 LBS</li> <li>▪ Incorrect case dimensions</li> <li>▪ Incorrect case type, etc..</li> </ul>	\$250
	<b>Pallet Shipments (where applicable)</b>	<ul style="list-style-type: none"> <li>▪ Missed Pallet Shipment* (*vendors expected to ship product in this configuration will receive separate notification)</li> </ul>	\$250* (*currently in effect)
	<b>Packaging for Specialty Products</b>	<ul style="list-style-type: none"> <li>▪ Specialty Product not labeled/identified: <ul style="list-style-type: none"> <li>○ Fragile/heavy/oversized</li> <li>○ Expiration date missing on Food/Gourmet/Cosmetics</li> </ul> </li> </ul>	\$250
	<b>Packaging for Apparel/Accessories</b>	<ul style="list-style-type: none"> <li>▪ Apparel/Accessories not individually packaged (inner protective packaging)</li> <li>▪ Mixed UPCs (non-assortment) per inner/outer case pack</li> </ul>	\$250
	<b>Package Labels</b>	<ul style="list-style-type: none"> <li>▪ UPC/EAN label missing on packaging (including on individual item protective packaging)</li> </ul>	\$250
	<b>Package type</b>	<ul style="list-style-type: none"> <li>▪ Unacceptable package type (i.e. illegally harvested wood and paper products)</li> </ul>	\$250
	<b>Wood Packaging Requirements (import vendors only)</b>	<ul style="list-style-type: none"> <li>▪ Violation of specified requirements</li> </ul>	\$250
	<b>Price Ticket Placement (on customer facing merchandise)</b>	<ul style="list-style-type: none"> <li>▪ Violation of specified requirements</li> </ul>	\$250
DAMAGE -FREE	<b>Damage-Free Shipment</b>	<ul style="list-style-type: none"> <li>▪ Damaged Shipment</li> </ul>	\$250 per delivery
PRODUCT QUALITY	<b>Quality product delivered</b>	<ul style="list-style-type: none"> <li>▪ Delivered product differs from approved TOP quality.</li> <li>▪ Delivered product has manufactured defects.</li> <li>▪ Delivered product contains undeclared allergens</li> </ul>	Indigo reserves the right to chargeback vendors for: <ul style="list-style-type: none"> <li>- Cost of goods sold</li> <li>- associated freight</li> <li>- lost sales</li> </ul>
ALL	<b>Required Sorting/Rework at DC</b>	<ul style="list-style-type: none"> <li>▪ For any sorting/rework required at DC)</li> <li>▪ to correct non-compliant shipment</li> </ul>	+ \$75/hr (in addition to respective fee above)

Figure 10 – The Perfect Order – Cost Recovery Charge – Summary Table

## 11.2. Measuring & Communicating Non-Compliance

Non-compliance is measured daily based on the scheduled expected Carrier Hand-Over Date and delivered condition of the Purchase Order. The shipment information is tracked, evaluated and measured against our supply chain delivery guidelines.

As infractions are identified and logged, they will be communicated to vendors on a monthly basis, with details of all applicable cost recovery charges and subsequent deductions.

## 11.3. Appeal Process

Indigo allows vendor to appeal a cost recovery charge for a non-compliant incident under the following conditions:

- A formal appeal must be submitted to [VendorAppeals@indigo.ca](mailto:VendorAppeals@indigo.ca) with all supporting documentation;
- The appeal must be sent within 10 (ten) business days of Indigo's notification (sent to vendor) of the respective infraction.

**Supporting documentation** includes at a minimum:

- Reason for the appeal
- Signed delivery documentation (i.e. BOL, Packing slip, POD, ...)
- **For missing ASN infractions:**
  - the first 4 segments of the ASN X12 document; **or**
  - ASN ID, Date ASN sent, ICN
- For Import Vendors:
  - Copy of Certificate of Compliance (COC)
  - Copy of Forwarder's Cargo Receipt
  - Copy of Customs Invoice (if required)
- Additional documentation to support appeal

**Notification of the infraction** begins when Indigo communicates to vendor the details of the non-compliance incident and all applicable cost recovery charges and subsequent deductions.

## 11.4. Billing for Cost Recovery Charges

Where your organization has incurred cost recovery charges as a result of non-compliant shipments, all amounts owing will be billed through the Indigo Debit Note Process. Unless otherwise stipulated by Indigo, please do not send a credit memo or cheque\*. Indigo will provide vendor with all appropriate sales data related to the billed vendor support program.

(\* a cheque should only be sent by vendor in the event that the vendor account is in a debit balance due to co-op/markdown support/vendor rebates).

---

## **SECTION 6 – SHIPPING GUIDELINES**

### **INTERNATIONAL VENDORS**

The Shipping Guidelines describe Indigo’s inbound shipping processes and requirements for international vendors. All vendors are required to comply with these requirements to ensure efficient and timely product flow from vendor to Indigo.

Questions regarding Indigo’s International Shipping Requirements can be emailed to [transportation@indigo.ca](mailto:transportation@indigo.ca). Questions regarding Routing can be emailed to [IndigoGlobal@delmar.ca](mailto:IndigoGlobal@delmar.ca)

This section includes:

1. Freight Terms and Responsibilities (summary table)
2. Inbound Shipment Requirements:
  - i. Packing Slip
  - ii. Bill of Lading
  - iii. Physical Presentation Requirements
  - iv. Routing Instructions
3. Domestic Shipment Procedure (shipments originating within Canada only)
4. International Shipment Procedures & Requirements (shipments originating outside of Canada, including from U.S.A.)

## XII. FREIGHT TERMS & RESPONSIBILITIES

The following chart summarizes the responsibilities of both the buyer and the seller for each of the current Inco-terms (an international set of trade terms).

### Incoterms 2010

Incoterms for Multi-Modal Use:	EXW	Ex Works	DAT	Delivered at Terminal
	FCA	Free Carrier	DAP	Delivered at Place
	CPT	Carriage Paid To	DDP	Delivered Duty Paid
	CIP	Carriage and insurance Paid To		
Incoterms for Non-Containerized Ocean Freight:	FAS	Free Alongside Ship	CFR	Cost and Freight
	FOB	Free On Board	CIF	Cost, Insurance, Freight

Buyer = B

Seller = S

Cost Headings	EXW	FCA	FAS	FOB	CFR	CIF	CPT	CIP	DAT	DAP	DDP
Loading at seller's premises	B <sup>(1)</sup>	S	S	S	S	S	S	S	S	S	S
Domestic pre-carriage/Local Cartage	B	(2)	S	S	S	S	S	S	S	S	S
Trade documentation in country of export	B	S	S	S	S	S	S	S	S	S	S
Export Customs clearance and any duty or taxes payable upon export	B	S	S	S	S	S	S	S	S	S	S
Loading at carrier's terminal at origin	B	B	B	S	S	S	S	S	S	S	S
Loading at vessel at port of origin	B	B	B	S	S	S	S	S	S	S	S
International freight (main carriage)	B	B	B	B	S	S	S	S	S	S	S
Transport cargo insurance	B	B	B	B	B	S	B	S	S	S	S
Unloading of vessel at port of destination	B	B	B	B	B <sup>(3)</sup>	B <sup>(3)</sup>	S	S	S	S	S
Unloading at destination terminal	B	B	B	B	N/A	N/A	B <sup>(3)</sup>	B <sup>(3)</sup>	S	S	S
Trade documentation in country of import	B	B	B	B	B	B	B	B	B	B	S
Import Customs clearance and any duty or taxes payable upon import	B	B	B	B	B	B	B	B	B	B	S
Domestic on-carriage/Local Cartage	B	B	B	B	B	B	B	B	B	S <sup>(4)</sup>	S
Unloading at buyer's premises	B	B	B	B	B	B	B	B	B	B	B

Other costs: Cost distribution according to party agreement not regulated in Incoterms

- (1) It can be stipulated with a specific instruction that the seller, at his own expense, is to be responsible for certain loading requirements. This must be written into the contract in order for it to be effective
- (2) The named place following the INCOTERM "FCA" determines the point of transfer. If the named place is the seller's premise, the seller must LOAD the goods on the carrier's vehicle supplied by the buyer. If the named place is the carrier's terminal, the seller must DELIVER the goods to the named terminal and the buyer is responsible for payment to UNLOAD the vehicle at the carrier's terminal
- (3) Buyer pays unloading costs unless such costs were for the seller's account under the contract of carriage.
- (4) The point stated after "Delivered At Place" determines who is to pay the cost. If the point is indicated as DAP (buyer's premises), the cost is to be paid by the seller. If the trade term reads DAP (terminal) the seller has to pay the cost to that terminal, and the buyer has to pay the cost to the final destination.

### **XIII. INBOUND SHIPMENT REQUIREMENTS**

#### **13.1. Packing Slip**

All shipments must be accompanied by a separate Packing List/Slip that should meet the following requirements, at a minimum:

- a. Each Packing List should contain:
  - Purchase Order #
  - Date of Shipment
  - Ship-to Location/Address (Destination)
  - List of UPC(s)
  - List of Product Description(s)
  - Total units shipped
- b. Packing List information should be accurate, reflecting the contents of the shipment.
- c. Packing List should be easily identified on the outside of the shipment.

#### **13.2. Bill of Lading**

- For EDI vendors, the Bill of Lading # must be included in the transmission of the ASN (Advanced Shipment Notification).
- All shipments must be accompanied by a Bill of Lading.
- Express Bills of Lading are requested whenever possible. At a minimum, the Bill of Lading should meet the following requirements (ex. for shipping to Indigo's Retail DC):

Shipper: Full name and address

Consignee: Indigo Books & Music Inc.  
100 Alfred Kuehne Blvd, Building #55  
Brampton, Ontario  
L6T 4K4, Canada

Notify Party: Delmar International Inc.  
2580 Matheson Blvd East  
Mississauga, On, L4W 4J1  
Ph.: 905-206-1166  
Fax: 905-206-9925

Shipment Details: No. of pallets  
Weight  
Purchase Order No.

## Wood Packaging

### Declaration:

If the shipment contains no solid wood packaging, please indicate on the Bill of Lading:

**“Shipment contains no solid wood packaging material”**

If the shipment contains fully marked solid wood packaging, indicate on the Bill of Lading:

**“Shipment contains solid wood packaging materials marked in accordance with ISPM No. 15”**

### Please note:

For Online DC orders, please indicate Building #50.

For Store deliveries (if applicable), indicate Store # and address.

## 13.3. Physical Presentation Requirements

For all physical presentation requirements, including case and pallet labeling, and packing/carton and pallet requirements, please refer to the following two sections of this manual:

- Case & Pallet Labeling Guideline (*Section 5, IX, 9.4.1*)
- Packaging Guideline (*Section 5, IX, 9.4.2*)

## 13.4. Routing Instructions

- Once your freight is ready, please complete the **Freight Notification Form** (*see Section 8 - Appendix C*) as per the procedures indicated in the **International Shipments** section to follow. Any questions should be directed to Delmar International (*see Section 7 - Key Contacts – Routing*).
- DAP and CIF vendors are also required to complete the **Pre-Alert Form** (*see Section 8 - Appendix D*), and email it to Delmar International at [IndigoGlobalDocs@delmar.ca](mailto:IndigoGlobalDocs@delmar.ca).
- If vendors are late in submitting either the Freight Notification Form or the Pre-Alert Form, a possible delay of the shipment may occur and the product may arrive later than the expected date (please refer to the submissions timeline on the form). This may result in a chargeback to the vendor.

#### **XIV. DOMESTIC SHIPMENTS PROCEDURE (originating within Canada only)**

- i. Once a Purchase Order has been issued, a **Freight Notification Form** (*see Section 8, Appendix C*) must be completed and e-mailed or faxed to Delmar International at [IndigoNA@delmar.ca](mailto:IndigoNA@delmar.ca) as advance notice for pick-up and drop-off at shipping point as follows:

- **Ground shipment:** min. 3 business days in advance of CHO date (within North America)

**Please note:** If the expected product completion date is not going to be met, it is the responsibility of the vendor to advise the Indigo Category Manager as soon as possible.

- ii. Upon receipt of the Freight Notification Form (FNF), Delmar International will contact the vendor directly and provide routing instructions. Please note, in the absence of a prompt FNF, Delmar may contact the vendor to request the completed form for an upcoming order.
- iii. Vendor must provide the following information at the time of making a booking with Delmar International:
- Indigo Purchase Order No.(s)
  - Indigo Purchase Order Delivery Date(s)
  - Ship-to Location/Address (Destination)
  - Mode of Transport
  - Shipment QTY
  - Weight & cubic measure
- iv. All domestic shipments must be accompanied by:
- Bill of Lading (BOL)
  - Packing Slip/List
- v. All DAP and DDP vendors (*see Section 6, X*) are required to contact Indigo's appointment desk to schedule a delivery. Please note all shipments require an appointment at either facility (Retail or Online).
- vi. All DAP and DDP vendors are required to have their delivery drivers wear Safety Shoes or Safety toe caps when entering an Indigo Distribution Center ("DC"). This is a Safety Requirement. Drivers will be refused entry into the Warehouse without Safety Shoes or Toe Caps.
- vii. All vendor invoices are to be sent to Accounts Payable at Indigo.

- viii. All inquiries regarding invoice and payment status should be directed to Indigo's Accounts Payable Department (Please refer to the Contact Information page in *Section 7* of this Manual).

## **XV. INTERNATIONAL SHIPMENTS PROCEDURE & ADDITIONAL REQUIREMENTS (originating outside of Canada, including from U.S.A)**

### **15.1. Procedure**

- i. Once a Purchase Order has been issued, a *Freight Notification Form (Section 8 - Appendix C)* must be completed and e-mailed or faxed to Delmar International as advance notice for pick-up and drop-off at shipping point as follows:
  - a. **Ocean shipment:** min. 2 weeks in advance of CHO date
  - b. **Air shipment:** min. 2 weeks in advance of CHO date (outside North America)
  - c. **Ground shipment:** min. of 3 days in advance of CHO date

**Please note:** If the expected product completion date is not going to be met, it is the responsibility of the vendor to advise the Indigo Category Manager as soon as possible.
- ii. For CIF and DAP vendors, a **Pre-Alert Form (Section 8 - Appendix C)** must be completed and e-mailed or faxed to Delmar International at [IndigoGlobalDocs@delmar.ca](mailto:IndigoGlobalDocs@delmar.ca).
- iii. Vendor must provide the following information at the time of making a booking with Delmar International:
  - Indigo Purchase Order No.(s)
  - Indigo Purchase Order Delivery Date(s)
  - Ship-To Location Address (Destination)
  - Mode of Transport
  - Shipment QTY
  - Weight & cubic measure
- iv. For shipments originating outside of North America, the vendor will be provided with contact information of Delmar's local forwarding agent. This local agent will contact the vendor prior to the product completion date to arrange for collection.
- v. All shipments entering Canada are subject to specific procedures and must be accompanied by a number of documents. These documents may vary according to the type of goods being shipped. Adherence to both procedures and proper document preparation will ensure a smooth transaction eliminating unnecessary and costly delays at customs.
- vi. Original Customs Documents must be sent to Delmar International as follows (soft copies are acceptable via e-mail and can be sent to [indiglobaldocs@delmar.ca](mailto:indiglobaldocs@delmar.ca)):

- **For international ocean shipments:** the documents must be provided to Delmar not later than 3 days after departure.
  - **For air and truck (North America):** the documents are required by Delmar prior to cargo departure.
  - Failure to deliver Customs documents on-time will result in late document and storage/yard movement cost recovery charges as per the Cost Recovery Schedule
- vii. For Purchase Orders on Letters of Credit, the original customs documents must be sent to Indigo’s appointed bank immediately after departure of the shipment, as soon as the vendor has obtained the Bill of Lading from the freight forwarder.
- viii. All vendor invoices are to be sent to Accounts Payable at Indigo.
- ix. All inquiries regarding invoice and payment status should be directed to Indigo’s Accounts Payable Department (*Please see Section 7 - Contacts*).

## 15.2. Customs Documents

All shipments entering Canada are subject to specific procedures and must be accompanied by a number of documents. These documents may vary according to the type of goods being shipped. Adherence to both procedures and proper document preparation will ensure a smooth transaction eliminating unnecessary and costly delays at customs.

The table below is not an exhaustive listing of documents but rather the main documents required for the average import shipment.

Document	International Shipments
Canada Customs Invoice	required
Commercial Invoice	
Packing Slip	required
Bill of Lading	required
Form ‘A’ / Exporter’s Statement of Origin (when applicable)	required
NAFTA Certificate of Origin (when applicable)	
Wood Packaging Requirements	required
Letters of Credit (if required)	required

Figure 11 – Required Customs Documents

### i. Canada Customs Invoice/Commercial Invoice

- For all commercial shipments entering Canada, a Commercial Invoice and/or Canada Customs Invoice must be supplied. Invoices do not require signatures and may be photocopies.

- The Commercial Invoice should include both the UPC (Item ID) being shipped, and the HS Code (Harmonized System Code).
- A copy of a Canada Customs Invoice can be found in Appendix E. Instructions for completion can be found in Appendix D.

**ii. Form “A” Certificate of Origin (for shipments originating outside of North America)**

- Many countries throughout the world have been accorded a “General Preferential Tariff (GPT)” by Canada. In order for importers to benefit from lower rates of duty under the GPT (if applicable), a Form “A” Certificate of Origin or an Exporter’s Statement of Origin is required for each import of qualifying goods.
- To qualify for GPT treatment, at least 60% of the ex-factory price of the goods packed for shipment to Canada must originate in one or more GPT countries. As well, the goods must be shipped directly on a through Bill of Lading to a consignee in Canada from the certified country. Please note: GPT tariff treatment and related favorable duty rates are scheduled to be eliminated Jan. 1, 2015.
- It is the sole responsibility of the exporter to determine the origin of the goods being exported and to provide a valid Certificate/Statement to that effect. It is the importer who benefits from the lower rates of duty (if applicable) when a Certificate/Declaration is supplied.
- If the exporter fails to complete a Certificate/Statement, all of the applicable duties on the goods will have to be paid.
- In lieu of the Form “A” Certificate of Origin, an Exporter’s Statement of Origin may be supplied. The Exporter’s Statement may be placed on the invoice or on a separate sheet indicating the invoice number.

This statement must read as follows:

Exporter’s Statement of Origin

I certify that the goods described in this invoice or in the attached invoice # \_\_\_\_\_ were produced in the beneficiary country of \_\_\_\_\_ and that at least \_\_\_ per cent of the ex-factory price of the goods originates in the beneficiary country/countries of: \_\_\_\_\_.

\_\_\_\_\_  
Name and Title

\_\_\_\_\_  
Corporation name and address

---

Telephone and fax numbers

---

Signature and date (day/month/year)

- A copy of a Form "A" Certificate of Origin can be found in Appendix H.  
Instructions for completion can be found in Appendix G.  
A list of qualifying countries can be found in Appendix I.

iii. **North American Free Trade Agreement (NAFTA) (for shipments originating within North America)**

Under the North American Free Trade Agreement (NAFTA), all tariffs between Canada and the USA have been eliminated as of January 1998. In order to define those goods entitled to the benefits of lower duty rates, a NAFTA Certificate of Origin or a NAFTA Low Value Declaration must be made.

iv. **NAFTA Certificate of Origin**

- To ensure that only those goods which qualify under the Rules of Origin receive the benefits of the Agreement, a NAFTA Certificate of Origin (form B232) is required. The data to be supplied on the Certificate is common for shipments to and from each country within the Agreement (ie, Canada, USA and Mexico).
- A copy of a NAFTA Certificate of Origin (form B232) can be found in Appendix K.  
Instructions for completion can be found in Appendix J.
- It is the sole responsibility of the exporter/producer to determine the origin of the goods being exported and to provide a valid Certificate to that effect. If the exporter/producer fails to complete a Certificate, all the applicable duties on the goods will have to be paid. Exporters/producers who certify goods eligible for NAFTA treatment must keep all certification related documents for a period of six (6) years.
- Blanket NAFTA certificates can be submitted for multiple shipments of the same goods to the same importer. The validity period of a blanket certificate in Canada is one (1) year.

v. **NAFTA Low Value Declaration:**

Certification of shipments to Canada under \$1600.00 CDN in value can be performed with an authorized signature on the commercial invoice (i.e. no Certificate of Origin is required). This certification attests that the goods comply with origin requirements and that further processing or assembly has not taken place in a non-originating country.

This statement must read as follows:

NAFTA Low Value Certification

I certify that the goods referenced in this invoice/sales contract originate under the rules of origin specified for these goods in the North American Free Trade Agreement (NAFTA), and that further production or any other operation outside the territories of the Parties has not occurred subsequent to production in the territories

\_\_\_\_\_

## SECTION 8 - APPENDICES

### A. PACKAGING REQUIREMENTS

#### 1. WOOD PACKAGING REQUIREMENTS (FOR IMPORT VENDORS ONLY)

- All wooden pallets coming into Canada must conform to the Canadian Food Inspection Agency (“CFIA”) standards.
- Canada’s wood packaging import regulations adhere to the principles of “ISPM No. 15: Guidelines for Regulating Wood Packaging Material in International Trade” as issued in March 2002 by the International Interim Commission on Phytosanitary Measures of the International Plant Protection Convention.
- Importations of non-manufactured wood treated by heat treatment process (Kiln Drying) will only be allowed from countries which have had their monitoring program (heat treatment verification system) pre-approved by CFIA.
- Importations containing wood packaging that does not meet ISPM No. 15 standards will be refused entry into Canada and must be returned to the country of export at the supplier’s expense.
- Shipments arriving in North America from Offshore
- Proof of Treatment
- Upon import, proof of treatment (copy of the International Plant Protection Convention (“IPPC”) Stamp Coding) is required to gain release from the appropriate Plant Protection Organization of Canada, USA or Mexico.
- The IPPC symbol for treated wood packaging materials (as per Annex II of the "International Standard for Phytosanitary Measures #15: Guidelines for Regulating Wood packaging materials Material in International Trade"):

- Where XX represents the International Standards Organization two letter country code for the country in which the wood packaging is produced and 000 represents the official certification number issued to the facility producing the compliant wood packaging by the National Plant Protection Organization and YY represents the treatment carried out (e.g. HT for heat treated wood or MB for methyl bromide treated wood).

## **2. EXCEPTIONS**

- There are no exceptions to the policy. Non-compliant wood packaging will be ordered “removed from Canada”. Upon request, and approval by Customs, the non-compliant wood packaging may be separated from the shipment at an approved facility.
- All costs (cartage, unloading, reloading, fumigation of non-compliant materials, destruction of materials, cartage back to Customs) will be the responsibility of the entity in care and control of the shipment. Note, this is a potential option only and circumstances will be reviewed by Customs on a case-by-case basis.

## **3. SHIPMENTS ARRIVING IN CANADA FROM USA**

- Wood packaging manufactured from wood of USA origin that has not moved internationally is exempt from the treatment and marking requirements of Canadian wood packaging import regulations.
- There are no requirements for treatments, marking or declaration for shipments imported into Canada from the USA. Shipments moving through the USA for ultimate destination in Canada are subject to full International regulations.

## **4. SHIPMENTS ARRIVING IN USA/CANADA FROM MEXICO**

- The same regulations for Shipments to North America from Offshore apply to all imports into Canada/USA from Mexico.

## **5. EXPORTER DECLARATIONS**

### *No Solid Wood Packaging*

- If the shipment contains no solid wood packaging a "declaration" should be stated on the bill of lading to alert Customs/Agriculture and potentially avoid unnecessary inspections, for example “Shipment contains no solid wood packaging materials – pallets used are plywood”

*Marked Wood Packaging*

- If the shipment contains fully marked solid wood packaging, a declaration should be provided on the bill of lading to state “Shipment contains solid wood packaging materials marked in accordance with ISPM No. 15”.
- Detailed wood packaging information can be found at <http://www.inspection.gc.ca>

## B. QA REQUIREMENTS

### 1. INDIGO TEST REQUEST FORMS

* - Sample including completed paperwork for rush services must be in receipt of BV by 10:30am required.					

## 2. DROP TEST PROCEDURES

The following describes the procedures for performing a drop test for protective packaging according to ISTA-1A standards.

Carton Drop Test consists of a '10-drop sequence test.' Package weight cannot exceed 40 lb. The test consists of a series of ten free-fall drops from heights that vary with weight as follows:

Imperial		Metric	
Package Weight	Drop Height	Package Weight	Drop Height
1 – 75 lb.	30 inches	1 – 34 Kg	76 cm
76 – 100 lb.	24 inches	35 – 45 Kg	61 cm

The test must be performed in following order:

1. Most fragile corner, if not known, at the carton manufacturer's joint
2. Shortest edge radiating from that corner
3. Medium edge radiating from that corner
4. Longest edge radiating from that corner
5. Flat on one of the smallest faces
6. Flat on the opposite small face
7. Flat on one of the medium faces
8. Flat on the opposite medium face
9. Flat on one of the largest faces
10. Flat on the opposite largest face

### 3. ALLERGEN CHECKLIST FOR FOOD SUPPLIERS & MANUFACTURERS (SAMPLE ONLY)

#### ALLERGEN CHECKLIST FOR FOOD SUPPLIERS AND MANUFACTURERS

Original Form  Amended Form

Product Name: \_\_\_\_\_ UPC # \_\_\_\_\_

Complete the following table **for each product**. Column I indicates the allergens that may be found in the product, from addition or cross-contamination. Column II indicates the allergens present in other products that are run on the same equipment but at a different time. Column III indicates whether any allergens are present in your plant.

Fill in each cell of the table with a **YES** or a **NO** and, when applicable, include the name of the ingredient.  
**DO NOT LEAVE ANY CELLS BLANK.**

Component	<u>Column I</u> Present in the product	<u>Column II</u> Present in other products manufactured on the same line	<u>Column III</u> Present in the same manufacturing plant
<b>Peanut or its</b> derivatives, e.g., Peanut - pieces, protein, oil, butter, flour, and mandelona nuts (an almond flavoured peanut product) etc. Peanut may also be known as <b>ground nut</b> .			
<b>Tree Nuts</b> (almonds, Brazil nuts, cashews, hazelnuts (filberts), macadamia nuts, pecans, pine nuts (pinyon, pinon), pistachios and walnuts or their derivatives, e.g., nut butters and oils etc.			
<b>Sesame or its</b> derivatives, e.g., paste and oil etc.			
<b>Milk or its</b> derivatives, e.g., milk caseinate, whey and yogurt powder etc.			
<b>Eggs or its</b> derivatives, e.g., frozen yolk, egg white powder and egg protein isolates etc.			
<b>Fish or its</b> derivatives, e.g., fish protein, oil and extracts etc.			
<b>Crustaceans</b> (including crab, crayfish, lobster, prawn and shrimp) <b>and Shellfish</b> (including snails, clams, mussels, oysters, cockle and scallops) <b>or their</b> derivative, e.g., extracts etc.			
<b>Soy or its</b> derivatives, e.g., lecithin, oil, tofu and protein isolates etc.			
<b>Wheat, triticale or their</b> derivatives, e.g., flour, starches and brans etc. Includes other wheat varieties such as spelt, durum, kamut, emmer etc. and includes all <b>gluten</b> sources.			
<b>Mustard or its</b> derivatives, e.g., mustard seeds, mustard flour, ground mustard, prepared mustard etc.			
<b>Sulphites</b> , e.g., sulphur dioxide and sodium metabisulphites etc. (if YES, indicate amount ppm)			
<b>Others</b> (as considered necessary)			

Do you have procedures to avoid cross-contamination of the product with the allergens not present in the product but noted in columns II and III?    Yes    No    (If yes, describe procedures on back or on separate page.)

Attach a finished product label to this form for each product. **If, for any reason, there are any modifications to this product, you are responsible for updating your records including labels and specifications, and notifying us immediately.**

## E. CANADA CUSTOMS INVOICE – COMPLETION INSTRUCTIONS

Below is a brief description of how each required data field on the Canada Customs Invoice must be completed. The data field name as shown on the Canada Customs Invoice is in bold face, followed by some equivalent commercial terms in parenthesis.

**Field No. 1** Vendor (seller, sold by, remit to, consignor, shipper):

Must indicate the name and address of:

(a) the person selling the goods to the purchaser, or

(b) the person consigning the goods to Canada.

**Field No. 2** Date of Direct Shipment to Canada:

Must display the date on which the goods began their continuous journey to Canada.

**Field No. 3** Other References:

Enter the Purchase Order Number or an equivalent number that can easily be linked back to the order in your system.

**Field No. 4** Consignee (ship to, deliver to):

Must indicate the name and address of the person (company) in Canada to whom the goods are shipped.

**Field No. 5** Purchaser (if other than consignee) (sold to, buyer):

The person to whom the goods are sold by the vendor:

Indigo Books & Music Inc.

100 Alfred Kuehne Blvd, Building #55

Brampton, Ontario

L6T 4K4, Canada

Business No.: 897152666-RM0001

**Field No. 6** Country of Transshipment:

The country through which the goods were shipped in transit to Canada under Customs control. If the shipment is from the USA indicate "n/a" in this field.

**Field No. 7** Country of Origin:

For Customs purposes, the country of origin of invoiced goods is the country where the goods are grown, produced or manufactured. The country of origin must be stated for each item on the invoice.

**Field No. 8** Transportation (Give Mode and Place of Direct Shipment to Canada)  
Indicate the mode of transportation used and the place from which the goods began their uninterrupted journey to Canada. This field should also contain the statement "For Customs Clearance contact Indigo's appointed Freight Forwarder and Customs Broker"

**Field No. 9** Conditions of Sale and Terms of Payment:  
Must describe the terms and the conditions agreed upon by the vendor and the purchaser [example: Free Carrier (FCA) Carriage Paid To (CPT), Carriage and Insurance Paid(CIP), Delivered Duty Paid (DDP), Delivered at Place (DAP), etc.].

**Field No. 10** Currency of Settlement  
Indicate the currency in which the vendor's demand for payment is made.

**Form No. 11** Number of Packages:  
Indicate the number of packages.

**Form No. 12** Specification of Commodities:  
The following information must be provided:  
(a) Kind of Packages — Indicate the nature of the packages (e.g., cases, etc.).  
(b) General Description and Characteristics — Give in general terms, description of the merchandise (e.g. ceramic dinnerware, children's clothing, etc.).  
(c) Commercial Description — Show a proper identifying description in commercial terms (i.e. enter the products item number).  
(d) Harmonized System Classification Number – indicate the ten-digit Canadian or six-digit International classification.

**Field No. 13** Quantity:  
The quantity of each item included in the description field must be indicated in the appropriate unit of measure.

**Field No. 14** Unit Price (price per article, item amount):  
Must provide a value in the currency of settlement (as defined under Field 10) for each item described in the description field.

- Field No. 15** Total:  
Indicate the price paid or payable in the currency of settlement (as defined under Field 10) for the number of items recorded in the quantity field when they were sold by the vendor to the purchaser. Where there is no price paid or payable for the items recorded in the description field, "n/a" should be indicated. Should "n/a" be indicated in this field the statement "Value for Customs purposes only \$\_\_\_\_\_" or "Value included in above invoice amount" must be shown.
- Field No. 16** Total Weight:  
Show both net and gross weight.
- Field No. 17** Invoice Total (total value, pay this amount):  
The total price paid or payable for goods described on the invoice and/or continuation sheet(s) if used. This field must reflect the actual value "price payable" of the transaction between the buyer and the vendor.
- Field No. 18** Commercial Invoice:  
Enter the attached commercial invoice number if applicable.
- Field No. 19** Exporter (name and address), if other than vendor:  
Indicate the name and address of the person or organization shipping the goods to the consignee/purchaser.
- Field No. 20** Originator (name and address):  
Where the invoice is completed on behalf of a company, the name and address of the company must be indicated. The name of the person completing the invoice may also be indicated. This field may be left blank if this information is provided elsewhere on the invoice.
- Field No. 21** Departmental Ruling:  
Give the number and date of any departmental ruling applicable to the shipment.
- Field No. 22** This field is to be checked off when the remaining fields 23-25 are not applicable.
- Field No. 23** This field is completed when the following are included in the invoice total (field

17):

- the cost of transportation of the loading, unloading and handling charges and other charges and expenses associated with the transportation from the place of direct shipment to Canada
- the cost of insurance relating to the transportation of the goods from the place within the country of export from which the goods are shipped
- costs, charges or expenses for the construction, erection, assembly, maintenance and technical assistance when incurred after the importation of the goods and are identified separately from the price paid or payable
- export packing

**Field No. 24** This field is completed when the following are not included in the invoice total (field 17):

- the cost of transportation of the loading, unloading and handling charges and other charges and expenses associated with the transportation to the place of direct shipment to Canada
- amounts for commissions other than buying commissions
- packing costs and charges in respect of the goods and all expenses of packing incident to placing the goods in the condition in which they are shipped. Including the cost of cases and other containers and the cost of labour to the place of direct shipment to Canada

**Field No. 25** This field is to be completed (checked) where royalties and license fees including payments for patents, trade-marks and copyrights are applicable and/or when the purchaser has supplied goods or services for use in the production of these goods.

## G. COMPLETION INSTRUCTIONS – FORM A

In order for a Form A to be accepted by the CSCB, it must be properly completed, as follows:

- Field No. 1** Complete with the name, address, and country of the actual manufacturer or exporter of the goods. Please do not identify a trading house, freight forwarder, export broker, etc. The manufacturer or exporter must be located in the GPT or LDCT beneficiary country in which the goods are being certified.
- Field No. 2** Identify the consignee (name and address) in Canada.
- Field No. 3** The CSCB does not consider this a mandatory field, but you may indicate the shipping details, as far as known when Form A is completed.
- Field No. 4** This field is usually left blank. However, if Form A is issued after the goods have already been shipped, stamp or write "Issued Retrospectively."
- Field No. 5** This field is not mandatory for goods exported to Canada. It is usually used to itemize goods if Form A covers two or more categories of goods (for example, items 1, 2, 3 or items a, b, c).
- Field No. 6** If the goods are crated or otherwise packaged, indicate the quantity of packages or crates. Also indicate any markings on the crates that will be useful in cross-referencing Form A to the Through Bill of Lading so that the CSCB officers can establish that the form covers the goods that are physically imported.
- Field No. 7** Describe the goods fully. Indicate makes, models, styles, serial numbers, or any other relevant description. It is in the exporter's interest to give as full a description as possible. The CSCB will not accept a Form A that cannot be matched with the imported goods due to a vague description. It is also helpful to show the Harmonized System subheading of the goods in this field.
- Field No. 8** The origin criterion shown must be one of the following:  
**P** means 100% of the goods produced in the GPT or LDCT beneficiary country in question;  
**F** for GPT, means, at least 60% of the ex-factory price is produced in the GPT beneficiary country;  
**F** for LDCT, means, at least 40% of the ex-factory price is produced in the LDCT beneficiary country. The existing 40% of the ex-factory price of the goods as packed for shipment to Canada may also include a value of up to 20% of the ex-factory price of the goods from countries eligible for GPT;  
**G** for GPT, means at least 60% of the ex-factory price was cumulatively produced in more than one GPT beneficiary country or Canada;

**G** for LDCT, means at least 40% of the ex-factory price was cumulatively produced in more than one LDCT beneficiary country or Canada. The existing 40% of the ex-factory price of the goods as packed for shipment to Canada may also include a value of up to 20% of the ex-factory price of the goods from countries eligible for GPT.

If any criterion other than P, G, or F is shown for goods exported to Canada, it will be assumed that the goods do not satisfy the Canadian GPT or LDCT rules of origin and they will not receive any tariff preference.

**Field No. 9** Give the weight or other quantity of the goods. The best unit of measure to use when completing this field is the unit of measure given for the particular goods in the *Customs Tariff* (e.g. number, pairs, dozens, kilograms, litres).

**Field No. 10** Cross-reference Form A to the commercial invoice. This helps the CSCB match the form with the invoice, but it also ensures that the signing officer has verified the ex-factory price of the proper goods.

**Field No. 11** This field may be left blank. As of March 1, 1996, Canada no longer requires Form A to be certified by a designated authority in the GPT or LDCT beneficiary country.

**Field No. 12** This is the exporter's declaration that Form A is accurate and that the goods do meet the GPT or LDCT rules of origin. Proof of origin must be completed by the exporter of the goods in the GPT or LDCT beneficiary country in which the goods were finished. The individual completing the Form A on behalf of the company must be knowledgeable regarding the origin of the goods and have access to cost of production information, should verification be requested.

## H. FORM A – CERTIFICATE OF ORIGIN

(SAMPLE ONLY)

1. Goods consigned from (Exporter's business name, address, country)			Reference No.		
2. Goods consigned to (Consignee's name, address, country)			<b>GENERALIZED SYSTEM OF PREFERENCES</b> <b>CERTIFICATE OF ORIGIN</b> <b>(Combined declaration and certificate)</b> <b>FORM A</b>  Issued in ..... (country) See the instructions.		
3. Means of transport and route (as far as known)					
4. For official use					
5. Item number	6. Marks and numbers of packages	7. Number and kind of packages: description of goods	8. Origin criterion (See instructions)	9. Gross weight or other quantity	10. Number and date of invoices.
<b>11. Certification</b> It is hereby certified, on the basis of control carried out, that the declaration by the exporter is correct.  ..... Place and date, signature and stamp of certifying authority.			<b>12. Declaration by the exporter</b> The undersigned hereby declares that the above details and statements are correct: that all the goods were produced in  ..... (country) and that they comply with the original requirements specified for those goods in the Generalized System of Preferences for goods exported to  ..... (importing country) ..... Place and date, signature of authorized signatory		

**APPLICATION FOR CERTIFICATE OF ORIGIN**

**Form B**

The undersigned, being the exporter of the goods described overleaf, **DECLARES** that these goods were produced in . . . . . (country)

**SPECIFIES** as follows the grounds on which the goods are claimed to comply with GSP origin requirements<sup>1)</sup>

**SUBMITS** the following supporting documents<sup>2)</sup>

**UNDERTAKES** to submit, at the request of the appropriate authorities of the exporting country, any additional supporting evidence which these authorities may require for the purpose of issuing a certificate of origin, and undertakes, if required, to agree to any inspection of his accounts and any check on the processes of manufacture of the above goods, carried out by the said authorities.

**REQUESTS** the issue of a certificate of origin for these goods.

Place and date

┌  
└

(signature of authorized signatory)

---

<sup>1)</sup> To be completed if materials or components originating in another country have been used in the manufacture of the goods in question. Indicate the materials or components used, their CCC Nomenclature tariff heading, their country of origin and, where appropriate, the manufacturing processes qualifying the goods as originating in the country of manufacture (application of List B or of the special conditions laid down in List A), the goods produced and their CCC Nomenclature tariff heading.

Where the origin criteria involve a percentage value, give information enabling this percentage to be verified – for example the value of imported materials and components and those of undetermined origin and the ex-factory price of the exported goods, where applicable.

<sup>2)</sup> For example, import documents, invoices, etc. relating to the materials or components used.

**NOTES**

**A. Procedure for claiming preference.** A declaration on the certificate of origin form must be prepared by the exporter of the goods and submitted in duplicate, together with a GSP application form, to the certifying authority of the country of exportation which will, if satisfied, certify the top copy of the certificate of origin and return it to the exporter for transmission to the importer in the country of destination. The certifying authority will at the same time return to the exporter for his retention the duplicate copy of the certificate of origin, but will itself retain the GSP application form duly completed and signed by the exporter.

**B. Sanctions.** Persons who furnish, or cause to be furnished, information which relates to origin or consignment, and which is untrue in a material particular are liable to legal penalties and to the suspension of facilities for their goods to obtain preference.

## I. CUSTOMS TARIFF – SCHEDULE

### LIST OF COUNTRIES AND APPLICABLE TARIFF TREATMENTS (Issued January 1, 2016)

The following countries and territories are designated beneficiary countries for the purposes of the tariff treatments indicated. Tariff Treatment abbreviations are defined in Section 27 of the *Customs Tariff*.

Issued January 1, 2016

## J. COMPLETION INSTRUCTIONS – NAFTA CERTIFICATE OF ORIGIN

### Field 1 Exporter's name and address

**Canadian exporters or Canadian producers shipping goods to the U.S. or Mexico** - State the full legal name and address (including country and legal tax identification number) of the exporter. The number is the employer number or importer/exporter number that Canada Customs and Revenue Agency assigns.

**U.S. exporters or U.S. producers shipping goods to Canada** - State the legal name and address (including the country and legal tax identification number) of the exporter. The number is the employer identification number that the Internal Revenue Services of the U.S. Department of the Treasury assigns or, if applicable, the social security number.

**Mexico exporters or Mexico producers shipping goods to Canada** - State the legal name and address (including the country and legal tax identification number) of the exporter. The number is the federal taxpayer's registry number (RFC).

### Field 2 Blanket period

A certificate can apply to:

- a single shipment of goods; or
- a multiple shipment of identical goods.

A certificate that covers multiple shipments is called a **blanket certificate**. Field 2 indicates the starting and ending dates of the blanket period for which certification is being made. The blanket period can last for two days to one year. It is acceptable to have a starting date that is before the date the certificate is signed. The importer can apply for a refund of the duty paid on goods entered on the certificate before the certificate is signed.

A blanket certificate certifies that all goods listed in field 5 of that document that are imported into Canada during the blanket period qualify as originating under the rules of origin, and that those goods are eligible for preferential tariff treatment.

When goods are imported into a bonded warehouse, it is the date they enter the warehouse that should be covered by the blanket period. The fact that accounting for the goods and claiming a NAFTA tariff treatment might not occur until sometime later does not affect the validity of the certificate, as long as the goods entered Canada within the blanket period.

**Field 3 Producer's name and address**

State the full legal name, address (including country), and legal tax identification number, as defined in field 1, of the person or company that produced the goods.

If the exporter is also the producer of the goods, enter "same."

If the certificate covers goods produced by more than one company, attach a list of the producers with the appropriate information. Cross-reference each producer with the goods they produced, as described in field 5.

If the exporter does not wish to disclose the identity of the producer to the importer, it is acceptable to state "available to customs on request."

If exporters do not know the identity of the producer of the goods, that usually means that they do not know the origin of the goods, and therefore should not be completing a *Certificate of Origin*. However, in rare instances, it is acceptable for the exporter to state that the producer is "unknown."

**Field 4 Importer's name and address**

State the full legal name, address (including country), and legal tax identification number (as defined in field 1) of the importer.

If there is more than one importer, state "various."

If the importer is unknown, state "unknown." This often applies when producers complete certificates for exporters.

**Field 5 Description of good(s)**

Provide a full description of each good covered by the certificate. List only goods that satisfy the NAFTA rules of origin.

The description must provide enough detail to relate the certificate to the imported goods and to the invoice. Model and serial numbers are not required, but they can be used as a cross-reference to the invoice and to differentiate between originating and non-originating goods.

It is in the exporter's interest to give as full a description as possible, since Canada Customs and Revenue Agency may not accept a certificate if it cannot match it to the imported goods because of a vague description.

Goods that fall under the same origin criterion but under different HS subheadings (or conversely under the same HS subheading but a different origin criterion) must be described separately.

If the certificate covers a single shipment of a good, include the invoice number as shown on the commercial invoice. If not known, indicate another unique reference number, such as the shipping order, purchase order, or letter of credit number.

When necessary, attach a separate listing on a continuation sheet to the certificate to provide a complete description of the good or goods.

**Field 6 HS tariff classification number**

For each good described, identify the HS tariff classification. For most goods, identifying the six-digit HS subheading is sufficient. For some goods, however, the specific rule of origin (from Annex 401 of the Agreement) requires a change at the eight-digit, tariff-item level. For these goods, identify the eight-digit tariff item of the importing country.

**Field 7 Preference criteria**

There are six preference criteria: A through F. Each of these preference criteria correspond to a category of rules of origin. Since each good described in field 5 of the certificate must be an originating good, they must each satisfy a rule of origin. The preference criterion is essentially a code which tells both the importer and Canada Customs and Revenue Agency which rule-of-origin category the goods satisfy. Consequently, exporters or producers who try to identify a preference criterion without familiarizing themselves with the rules of origin<sup>4</sup> and applying them will have a difficult time choosing a criterion.

**Criterion A** corresponds to article 401(a) of the Agreement, which covers goods that are "wholly obtained or produced in one or more of Canada, Mexico, and the United States."

Wholly obtained or produced only refers to goods that were grown, mined, bred, fished, extracted, etc., from a NAFTA party. The goods must be 100% NAFTA origin to qualify under this criterion.

Simply because goods were purchased from a supplier in Canada, the U.S., or Mexico does not mean that they are wholly obtained within the meaning of criterion A.

**Criterion B** corresponds to article 401(b) of the Agreement, which covers goods that a producer makes using non-originating materials.<sup>5</sup> The non-originating materials must meet the conditions set out in the specific rule of origin that applies, which can be found in Annex 401 of the Agreement.

The rules of origin ensure that any non-originating materials undergo enough processing before they can be transformed into a North American product. Most often, the rule of origin is expressed in terms of an HS classification change. This means that a non-originating material changes from one classification number in the HS to another.

When the material is incorporated into the final product, in some cases the rule of origin requires a certain percentage of the value of the goods, referred to as regional value content, to be incurred in North America in addition to the HS classification change. The rules in Annex 401 of the Agreement define exactly what must occur before the good can be considered as originating.

**Criterion C** corresponds to article 401(c) of the Agreement, which covers goods a producer makes using only originating materials. The difference between criteria A and C is that the originating materials used under criterion C can have some non-NAFTA content which has already been transformed by the producer's North American supplier into an originating material.

(Please note that criterion C does not necessarily mutually exclude criteria A, B, D, or E.)

**Criterion D** corresponds to article 401(d) of the Agreement, which covers goods where there is no change in tariff classification from non-originating materials to the finished good. However, since criterion D applies only in two very limited circumstances, its use is quite rare.

Please note that criterion D can **never** be used for wearing apparel provided for in chapters 61 and 62 of the HS, or for textile articles described in chapter 63.

The types of goods that can be considered as originating under criterion D are as follows:

- Goods which are complete except for being imported into the NAFTA territory in an unassembled or disassembled condition can be considered as originating. The unassembled or disassembled materials are classified in the same heading or subheading as the assembled good, and the heading or subheading cannot be further divided. The cost of assembling such goods in the NAFTA territory must satisfy a regional-value-content requirement.<sup>6</sup> Please note that this rule is limited to unassembled goods in which all the

materials for assembling the goods are included at the time the goods are imported into the NAFTA territory. If any additional materials must be added to the non-originating unassembled goods, the goods imported into Canada will not qualify for NAFTA. In reality, the application of this rule is extremely limited.

- When goods produced using non-originating materials that cannot undergo the required change because the non-originating materials are classified as "parts" in the HS under the same heading or subheading as the finished goods, and the heading or subheading is not further subdivided, these goods can be considered as originating. A regional-value-content condition must be satisfied.<sup>7</sup>

**Criterion E** applies only to certain automatic data-processing goods. These goods are specifically identified in Annex 308.1 of the Agreement (Table 308.1.1). Canada, the U.S., and Mexico have agreed to reduce the most-favoured-nation (MFN) duty rate for certain automatic data-processing equipment and parts falling into the categories listed below. Except for category (vi) below, the goods will have their MFN duty rates eliminated or reduced in five equal annual stages **starting January 1, 1999**. For category (vi) (computer parts of subheading No. 8473.30), the three parties reduced their MFN rate to free as of January 1, 1994.

The categories of goods covered under criterion E are:

- automatic data processing (ADP) machines;
- digital processing units;
- input or output units;
- storage units;
- other units of ADP (subheading No. 8471.90 );
- parts of computers (subheading No. 8473.30); and
- computer power supplies.

Once the MFN duty rate has been reduced according to the staging schedule, and all three parties have arrived at the reduced rate, these goods will be considered as originating when traded among the three parties. Please note that under Canada Tariff, most of these goods are duty free under the most-favoured-nation.

**Criterion F** applies to bilateral trade agreements between NAFTA countries. One set of rules apply to U.S./Mexico trade, and another set of rules apply to Canada/Mexico trade. Criterion F is not relevant to Canada/U.S. trade.

Criterion F should not be used for goods exported from the U.S. to Canada. For goods exported from Mexico to Canada, exporters or producers should follow the instructions below.

When agricultural goods are imported into Canada, to complete field 7, the exporter or producer must first determine if they are originating goods under criteria A, B, or C (criteria D and E are not relevant to agricultural goods). Then, if the goods are wholly produced in Mexico or jointly produced Mexican/U.S. or Mexican/Canadian, it must be determined if the goods are qualifying goods within the meaning of Annex 703.2, section B, paragraph 14. Annex 703.2-B-14 says:

... **qualifying good** means an originating good that is an agricultural good except that, in determining whether such good is an originating good, operations performed in or material obtained from the United States shall be considered as if they were performed or obtained from a non-party. After the exporter or producer determines that the goods are originating and qualifying, they must determine if the goods are subject to any quantitative restrictions when imported into Canada. If no quantitative restrictions apply, the exporter or producer may use criterion F.

#### **Field 8 Producer**

In this field, the person completing the *Certificate of Origin* is telling Canada Customs and Revenue Agency why they have the information needed to substantiate the certificate.

If the exporter is the producer of the goods, state "yes."

If the exporter is not the producer, state "no," followed by one of three possible explanations why the exporter is in a position to certify the origin of the goods:

- "No(1)" if the origin of the goods was certified based on the exporter's knowledge of whether the goods qualify as originating;
- "No(2)" if the person signing the certificate is relying on written information from the producer (other than a *Certificate of Origin*) documenting that the goods qualify as originating; or
- "No(3)" if a completed and signed *Certificate of Origin* for the goods was provided to the exporter by the producer.

Whether or not an exporter can use "no(1)" will depend on the specific rule of origin. If the rule of origin requires only a tariff change, and the exporters know where the tariff change occurs, then they can use "no(1)." However, if the rule of origin involves a regional-value-content requirement, it is unlikely that the exporter will be able to substantiate the certificate without cost-of-production documentation from the producer.

If exporters cannot substantiate the origin of goods, they should not be completing a *Certificate of Origin*.

#### **Field 9 Net cost**

In this field, those completing the *Certificate of Origin* indicate whether or not they used the net cost method to determine the regional value content (RVC) of a good. If the rule of origin for the goods requires the RVC to be calculated, the exporter or producer can use two methods of calculation. One is the **transaction value method**, and the other is the **net cost method**. This field should be completed in all cases with one of the following:

- If the exporter or producer has used the net cost method to determine the RVC, they will indicate "NC."
- If the exporter or producer has used the transaction value method, they will indicate "no."
- If the rule of origin for the goods does not require the RVC to be calculated, they will indicate "no."

In some cases, when exporters or producers use the net cost method to calculate RVC, they are entitled to average certain costs over a period of time. If they have averaged costs, they should identify the starting and ending dates of the averaging period below the "NC" (e.g., "02/01/07 - 31/03/07").

#### **Field 10 Country of origin**

This field has different applications for each country.

If field 10 is not completed, neither the importer nor Canada Customs and Revenue Agency will know which of the different tariff treatments the goods are eligible to receive. In this case, Canada Customs and Revenue Agency will expect the importer to pay the highest applicable NAFTA duty rates.

For most goods imported into Canada, there are three NAFTA tariff treatments.

For originating agricultural and textile goods imported into Canada, the exporter or producer should indicate either "US" or "MX" in field 10. If there is some joint production of the agricultural or textile goods between the U.S. and Mexico, the exporter or producer must apply the *Determination of Country of Origin for the Purposes of Marking Goods Regulations* to determine whether the goods are Mexican or American.

For all other goods imported into Canada, the exporter or producer will indicate either "US," "MX," or "JNT" in field 10. "JNT" stands for joint production of goods between the U.S. and Mexico. Generally speaking, using "JNT" will result in the highest NAFTA duty rate being applied to the goods. However, some rules of origin essentially say that, if there is joint production between the U.S. and Mexico and the contribution of one of those countries is relatively insignificant, the exporter can claim that the goods

originate in the country where most of the production occurred. When both the U.S. and Mexico contribute significantly to the production of the goods, the exporter must state "JNT" in field 10. When there is joint production of the goods between the U.S. and Mexico, the exporter or producer should see the *NAFTA Tariff Preference Regulations*, found in Canada Customs and Revenue Agency Memorandum D11-4-19, *Regulations Respecting the Determination of When Goods are Entitled to the Benefit of the United States Tariff or Mexico-United States Tariff*, to determine whether they should complete field 10 with "US," "MX," or "JNT."

### **Field 11 Certification**

The exporter or producer completing the *Certificate of Origin* is strongly advised to **read the statements in field 11** before signing the certificate.

All the information in field 11 (which includes the signature area) must be completed.

In addition to being able to substantiate the origin of the goods, the person signing the certificate should be someone in the company who is entitled to sign legally binding documents on behalf of the exporter or producer. This is someone who has full knowledge of the origin of the goods, and who has access to the books and records that substantiate the claim. If the statements made in the certificate are untrue, the company could be liable for penalties.

Update: February 17, 2005 - <http://www.cbsa.gc.ca/publications/dm-md/d11/d11-4-5-eng.pdf>

### **General Preferential Tariff (GPT)**

If the 60% ex-factory price is not satisfied, or is not supported by adequate documentation, the goods are not eligible for the GPT and a Form A should not be issued for such goods.

### **Least Developed Country Tariff (LDCT)**

If the 40% ex-factory price is not satisfied, or is not supported by adequate documentation, the goods are not eligible for the LDCT and a Form A should not be issued for such goods.

## SECTION 9 – VENDOR MANUAL ACKNOWLEDGEMENT FORM

Indigo Books & Music Inc.

### VENDOR MANUAL ACKNOWLEDGEMENT FORM

#### Vendor Manual for Merchandise Vendors, **Version 7.0**

I, the undersigned, acknowledge that we have received a copy of **Indigo's Vendor Manual**, read and understood the contents, and distributed it throughout our company as required.

Furthermore, I confirm that we have read and understand **Indigo's Vendor Code of Conduct** and **Vendor Social Compliance Policy** contained within, and agree to fully comply with its principles and requirements.

To the best of our knowledge, our company is in compliance with Indigo's Vendor Manual, Vendor Code of Conduct and Vendor Social Compliance Policy. Where our company is not in compliance, we understand that Indigo may apply a cost recovery charge associated with the respective non-compliance and/or terminate our commercial relationship. We validate that our company will only supply Indigo with products that meet all Canadian laws and regulations, and the requirements of the Code of Conduct and Social Compliance Policy.
