Letter to Shareholders

Dear Shareholder,

Today our Board of Directors made the decision that the right thing to do for our business was to stop paying our quarterly dividend.

With this letter I would like to share, in more detail, the thinking behind this decision and most importantly why we feel this decision is in the long term best interest of the Company and its Shareholders.

Some context…

We initiated paying a dividend in June of 2009 after completing the successful acquisition and integration of Chapters, and after paying down all of the debt incurred to make the acquisition. Our business was a mature business in a stable mode generating more cash annually than we foresaw using.

Since that time, with the advent of eReading, our industry has been thrust into the throes of a fundamental change. The book business was essentially being put on notice to change radically.

We were able to capitalize on the change early on when we created Kobo – now a global eReading company. We nurtured Kobo from an idea to a full-fledged global player and sold it at the time we felt best given our size and the competition. The sale substantially strengthened our balance sheet.

More recently our challenge has been to rethink our core business in the context of eReading, changing consumer and retail dynamics, and the growing role of all aspects of digital. We have developed a bold vision to become a booklovers' lifestyle company – optimizing our core book business and adding new relevant categories, including proprietary design home product.

Early indication is our new direction is being very well received by customers. Now, we must fully bring to life our new vision. This requires significant operating and capital investment.

Specifically, to move aggressively from being a bookseller to a lifestyle retailer requires expanded core competencies, new processes, new systems and new supply chain capabilities.

In addition, our stores, which were designed to be bookshops, need major investment to fully bring to life the new customer experience we have envisioned. Similarly our eTail capabilities must evolve to represent our new categories and respond to how customers now learn about, search and shop at their favourite retailers.

During this transformative period – when we absorb the impact of eReading, build up whole new capabilities in the business, and advance others – EBITDA is being impacted. We may not be able to support the capital and operating investments we require solely by using EBITDA. Therefore we must anticipate using some of the cash on our balance sheet for this accelerated transformation.

It is your management's belief, as well as that of our Board, that retail businesses should always follow conservative principles in financial management. At this moment this prudent approach is appropriate.

We do, and have always, valued our relationship with our Shareholders. We have made every decision with respect for, and to enhance, your investment in Indigo. I hope you will appreciate that this decision is the right one for the Company and will build true long-term value.

Heather Reisman
Founder & Chief Executive Officer

Management's Discussion and Analysis

The following Management's Discussion and Analysis ("MD&A") is prepared as at November 5, 2013 and is based primarily on the unaudited interim condensed consolidated financial statements of Indigo Books & Music Inc. (the "Company" or "Indigo") for the 13 and 26-week periods ended September 28, 2013 and September 29, 2012. The Company's unaudited interim condensed consolidated financial statements and the accompanying notes are reported in Canadian dollars and have been prepared in accordance with International Accounting Standard ("IAS") 34, "Interim Financial Reporting." The same accounting policies and methods of computation as those used in the preparation of the fiscal 2013 Annual Report were followed in the preparation of these unaudited interim condensed consolidated financial statements.

These unaudited interim condensed consolidated financial statements do not contain all disclosures required by IFRS for annual financial statements. This MD&A should be read in conjunction with the unaudited interim condensed consolidated financial statements and notes contained in this Quarterly Report, the audited annual consolidated financial statements and accompanying notes for the 52-week period ended March 30, 2013 and the MD&A included in the Company's fiscal 2013 Annual Report. The Annual Report and additional information about the Company, including the Annual Information Form, can be found on SEDAR at *www.sedar.com*.

Overview

Indigo is Canada's largest book, gift, and specialty toy retailer, operating stores in all 10 provinces and one territory in Canada and offering online sales through its *indigo.ca* website. As at September 28, 2013, the Company operated 96 superstores under the banners *Chapters*, *Indigo* and the *World's Biggest Bookstore* and 132 small format stores, under the banners *Coles*, *Indigo*, *Indigospirit*, *SmithBooks*, and *The Book Company*. During the second quarter of fiscal 2014, the Company did not open any stores and closed one superstore and one small format store. The Company also has a 50% interest in Calendar Club of Canada Limited Partnership ("Calendar Club"), which operates seasonal kiosks and year-round stores in shopping malls across Canada.

Indigo operates a separate registered charity under the name Indigo Love of Reading Foundation (the "Foundation"). The Foundation provides new books and learning material to high-needs elementary schools across the country through donations from Indigo, its customers, suppliers, and employees.

The weighted average number of shares outstanding for the second quarter of fiscal 2014 was 25,595,607 as compared to 25,264,420 last year. As at November 5, 2013, the number of outstanding common shares was 25,298,239 with a book value of $203.8 million. The number of common shares reserved for issuance under the employee stock option plan is 3,294,736 as at November 5, 2013. As at September 28, 2013, there were 1,733,650 stock options outstanding of which 155,300 were exercisable.

Results of Operations

The following table summarizes the Company's consolidated results of operations for the periods indicated. The classification of financial information presented below is specific to Indigo and may not be comparable to that of other retailers.

(millions of Canadian dollars)	**13-week period ended September 28, 2013**	**% Revenues**	13-week period ended September 29, 2012	% Revenues	**26-week period ended September 28, 2013**	**% Revenues**	26-week period ended September 29, 2012	% Revenues
Revenues	**179.4**	**100.0**	185.6	100.0	**350.9**	**100.0**	372.2	100.0
Cost of sales	**(96.9)**	**54.0**	(100.4)	54.1	**(196.2)**	**55.9**	(206.7)	55.5

Revenues Decreased Due to Blockbuster Titles from Last Year

Total revenues for the 13-week period ended September 28, 2013 decreased $6.2 million or 3.3% to $179.4 million from $185.6 million for the 13-week period ended September 29, 2012. The decrease was primarily driven by lower book sales as revenues last year were driven by strong sales of the *Fifty Shades* and *Hunger Games* trilogies. The decrease was further driven as a result of the Company operating nine fewer stores than last year. Excluding last year's blockbuster titles, revenues increased by 0.3% compared to last year as the decrease in book sales was partially offset by double-digit growth in lifestyle, paper, and toy sales.

Comparable store sales for the second quarter of fiscal 2014 decreased 2.8% in superstores and 8.2% in small format stores. The decrease was mainly driven by the reasons mentioned above. Excluding the blockbuster titles, comparable store sales increased 0.1% in superstores and 0.6% in small format stores. Comparable store sales are defined as sales generated by stores that have been open for more than 12 months on a 52-week basis. It is a key performance

indicator for the Company as this measure excludes sales fluctuations due to store closings, permanent relocation, and chain expansion. As at September 28, 2013, the Company operated eight fewer small format stores and one less superstore compared to September 29, 2012.

Online sales increased $0.6 million or 3.3% to $18.7 million from $18.1 million for the 13-week period ended September 29, 2012. Excluding the *Fifty Shades* and *Hunger Games* trilogies, online sales increased 5.6% compared to the same quarter last year. Although in-store physical book sales declined, online book sales increased as more customers purchased books online instead of in-store. Additionally, online sales of lifestyle, paper, and toy products continue to grow, benefiting from the newly redesigned website launched late last year.

Revenues from other sources include revenues generated through irewards card sales, gift card breakage, plum points revenue, and revenue-sharing with Kobo Inc. Revenues from other sources increased $0.9 million or 15.8% to $6.6 million for the 13-week period ended September 28, 2013 compared to $5.7 million last year primarily as a result of higher plum points revenue. In the current quarter, the Company revised certain estimates relating to the plum program based on historical member behaviour, resulting in the recognition of higher plum points revenue.

On a year-to-date basis, total consolidated revenues decreased by $21.3 million or 5.7% to $350.9 million compared to $372.2 million for the same period last year. Year-to-date comparable store sales decreased 5.1% for superstores and decreased 10.7% in small format stores for the same reasons discussed above.

Revenues by channel are highlighted below:

(millions of Canadian dollars)	**13-week period ended September 28, 2013**	13-week period ended September 29, 2012	%	Excluding blockbuster titles %	Comparable store sales %	Comparable store sales excluding blockbuster titles %
Superstores	**128.4**	132.9	(3.4)	(0.5)	(2.8)	0.1
Small format stores	**25.7**	28.9	(11.1)	(2.7)	(8.2)	0.6
Online (including store kiosks)	**18.7**	18.1	3.3	5.6	N/A	N/A
Other	**6.6**	5.7	15.8	15.8	N/A	N/A
	179.4	185.6	(3.3)	0.3	(3.7)	0.2

A reconciliation between total revenues and comparable store sales is provided below:

Cost of Sales Decreased Compared to Last Year

Cost of sales includes the landed cost of goods sold, online shipping costs, inventory shrink and damage reserve, less all vendor support programs. Cost of sales decreased $3.5 million to $96.9 million, compared to $100.4 million for the same quarter last year. The decrease was primarily due to lower sales volumes and higher vendor support. The decrease was also driven by efficiencies gained from the Galileo productivity initiative implemented in the first quarter, as the Company revamped its buying and inventory allocation process for certain product groups and achieved better margin. As a percent of total revenues, cost of sales decreased by 0.1% to 54.0% compared to 54.1% last year.

On a year-to-date basis, cost of sales decreased $10.5 million to $196.2 million compared to $206.7 million in the same period last year due to the same factors mentioned above. Year-to-date cost of sales as a percent of total revenues increased 0.4% to 55.9% compared to 55.5% in the same period last year mainly due to more aggressive discounting and summer clearance markdowns in the first quarter of the fiscal year.

Cost of Operations Increased Over Last Year

Cost of operations includes all store, online, and distribution centre costs. Cost of operations increased $1.4 million to $66.5 million this year, compared to $65.1 million last year. The increase was primarily driven by higher online costs resulting from increased online marketing spend to drive sales and continued growth of the Company's customer base. Store occupancy costs were also higher compared to last year as a result of contractual increases in leasing costs. As a

percent of total revenues, cost of operations increased by 2.0% to 37.1% this year, compared to 35.1% last year.

On a year-to-date basis, cost of operations increased $0.9 million to $130.8 million compared to $129.9 million in the same period last year due to the same factors mentioned above. Year-to-date cost of operations as a percent of total revenues increased 2.4% to 37.3% compared to 34.9% in the same period last year.

Selling, Administrative and Other Expenses Increased Compared to Last Year

Selling, administrative and other expenses include retail marketing and head office costs. These expenses increased $4.3 million to $23.1 million, compared to $18.8 million for the same quarter last year. The increase was primarily driven by investments made in relation to the Company's ongoing transformational strategy to become the premiere year-round gifting destination in Canada. Investments were made in the areas of store transformations, online enhancements, and improvements to internal system capabilities. In addition, the Company incurred higher creative and retail marketing expenses in the current quarter to drive awareness of new products in its key growth categories. Additionally, as a result of the Company's investments in talent to drive the transformation, employee and severance costs were higher in the current quarter than last year. As a percent of total revenues, selling, administrative and other expenses increased by 2.8% to 12.9%, compared to 10.1% last year.

On a year-to-date basis, selling, administrative and other expenses increased $8.5 million to $45.2 million compared to $36.7 million in the same period last year due to the same factors mentioned above. Additional factors contributing to increased expenses include the Company's offer of a one-time cash repurchase to certain option holders in the first quarter, which resulted in $0.4 million of incremental expense compared to the same period last year. Year-to-date selling, administrative and other expenses as a percent of total revenues increased 3.0% to 12.9% compared to 9.9% in the same period last year.

EBITDA Decreased Versus Last Year

EBITDA, defined as earnings before interest, taxes, depreciation, amortization, impairment, and equity investment decreased $8.4 million to a loss of $7.1 million for the 13-week period ended September 28, 2013, compared to $1.3 million earned in the 13-week period ended September 29, 2012. EBITDA as a percent of revenues decreased to a loss of 4.0% this year compared to earnings of 0.7% last year. As discussed above, the decrease was driven by lower book sales due to a lack of blockbuster titles in the current quarter compared to sales of the *Fifty Shades* and *Hunger Games* trilogies last year, along with higher expenses related to the Company's transformational strategy.

On a year-to-date basis, EBITDA decreased $20.2 million to a loss of $21.3 million compared to a loss of $1.1 million in the same period last year due to the same factors mentioned above. Year-to-date EBITDA as a percent of total revenues decreased 5.8% to a loss of 6.1% compared to a loss of 0.3% in the same period last year.

Capital Asset Activity Unchanged from Last Year

Depreciation and amortization for the 13-week period ended September 28, 2013 remained flat at $6.8 million. Capital expenditures in the second quarter of fiscal 2014 totalled $9.7 million and included $4.6 million for store construction, renovations and equipment, $3.8 million for intangible assets (primarily application software and internal development costs), and $1.3 million for technology equipment. Of the $1.3 million expenditure in technology equipment, $0.1 million was funded through finance leases. The Company had no capital asset impairments in the current period.

On a year-to-date basis, depreciation and amortization decreased by $0.4 million to $13.6 million compared to $14.0 million in the same period last year. Year-to-date, the Company has spent $12.8 million on capital expenditures, including $5.5 million for store construction, renovations and equipment, $5.6 million for intangible assets (primarily application software and internal development costs), and $1.7 million for technology equipment. Of the $1.7 million expenditure in technology equipment, $0.1 million was funded through finance leases. The Company had no capital asset impairments in the current period compared to $0.3 million of impairment in the comparative period last year.

Net Interest Income Remained Flat

The Company recognized net interest income of $0.6 million for the 13-week period ended September 28, 2013 compared to $0.6 million in the same period last year. The Company nets interest income against interest expense.

On a year-to-date basis, the Company recognized net interest income of $1.1 million compared to $1.1 million in the same period last year.

Loss from Equity Investment Decreased

The Company uses the equity method to account for its investment in Calendar Club and recognizes its share of Calendar Club's earnings and losses as part of consolidated net earnings and losses. Indigo recognized net loss from Calendar Club

of $0.2 million for the 13-week period ended September 28, 2013 compared to net loss of $0.4 million in the same period last year.

On a year-to-date basis, Indigo recognized net loss from Calendar Club of $0.6 million compared to net loss of $0.7 million in the same period last year.

Income Tax Recovery Increased from Last Year

The Company recognized income tax recovery of $3.5 million for the 13-week period ended September 28, 2013 compared to income tax recovery of $1.3 million in the same period last year. The higher income tax recovery was driven by a higher net loss in the current quarter compared to the same quarter last year. The Company's effective tax recovery rate was 25.7% in the second quarter of fiscal 2014 compared to 24.6% in the same period last year.

On a year-to-date basis, the Company recognized an income tax recovery of $9.3 million compared to an income tax recovery of $5.4 million in the same period last year.

Net Loss Increased from Last Year

The Company recognized a net loss of $10.1 million for the 13-week period ended September 28, 2013 ($0.39 net loss per common share), compared to a net loss of $4.0 million ($0.16 net loss per common share) in the same period last year. The increased loss was primarily the result of lower book sales and higher selling, administrative and other expenses compared to last year.

On a year-to-date basis, the Company recognized a net loss of $25.1 million ($0.98 net loss per common share), compared to a net loss of $9.5 million ($0.38 net loss per common share) in the same period last year.

Seasonality and Second Quarter Results

Indigo's business is highly seasonal and follows quarterly sales and profit (loss) fluctuation patterns, which are similar to those of other retailers that are highly dependent on the December holiday sales season. A disproportionate amount of revenues and profits are earned in the third quarter. As a result, quarterly performance is not necessarily indicative of the Company's performance for the rest of the year. The following table sets out revenues, net earnings (loss) attributable to shareholders of the Company, and basic and diluted earnings (loss) per share for the preceding eight fiscal quarters. Comparative revenues have been restated for the impact of the Company's change in its equity investment accounting policy.

	Fiscal quarters

Overview of Consolidated Balance Sheets

Total Assets

As at September 28, 2013, total assets decreased $26.1 million to $565.8 million, compared to $591.9 million as at September 29, 2012. The decrease was primarily due to a $26.0 million decrease in cash and cash equivalents. The Company used its cash to make significant investments in capital assets and working capital as part of its transformation strategy. Capital asset purchases for the last four quarters were $23.7 million and the Company also used $10.5 million for working capital in the last four quarters.

On a fiscal year-to-date basis, total assets decreased $3.3 million to $565.8 million, compared to $569.1 million as at March 30, 2013. The decrease was primarily due to a decrease in cash and cash equivalents, partially offset by increases in inventories and deferred tax assets. The $44.3 million decrease in cash and cash equivalents and $25.4 million increase in inventories are consistent with the seasonal nature of the business as the Company makes advance purchases in preparation for the holiday season. Deferred tax assets increased by $9.3 million as a result of the income tax recovery recorded in the current quarter, as mentioned above.

Total Liabilities

As at September 28, 2013, total liabilities decreased $4.3 million to $246.2 million, compared to $250.5 million as at September 29, 2012. The decrease was primarily the result of lower current and long-term accounts payable and accrued liabilities, partially offset by increases in unredeemed gift card liability

and provisions. The $9.4 million decrease in current and long-term accounts payable and accrued liabilities resulted from the timing of payments related to inventory purchases. The increase of $4.1 million in unredeemed gift card liability was the result of lower gift card redemptions. Provisions increased by $1.6 million as the result of higher store decommissioning liabilities.

On a fiscal year-to-date basis, total liabilities increased $27.4 million to $246.2 million, compared to $218.8 million as at March 30, 2013. The increase was primarily due to a $33.6 million increase in current and long-term accounts payable and accrued liabilities, which is consistent with the seasonal increase in inventories leading up to the holiday season. This increase was partially offset by a $5.2 million decrease in unredeemed gift card liability as customers continued to redeem gift cards purchased during the fiscal 2013 holiday season.

Total Equity

Total equity at September 28, 2013 decreased $21.8 million to $319.6 million, compared to $341.4 million as at September 28, 2012. The decrease in total equity was primarily due to a net loss of $11.3 million and $11.1 million of dividend payments in the last four quarters. Share capital increased by $0.2 million due to the exercise of stock options. Contributed surplus increased $0.5 million as the expensing of employee stock options and Directors' deferred share units was partially offset by the Company's one-time options repurchase. In the first quarter of fiscal 2014, the Company offered a one-time cash repurchase to certain option holders. Unamortized expense related to repurchased options was immediately recognized and increased contributed surplus. This increase was offset by the cash payment made to the option holders.

Working Capital and Leverage

The Company's working capital position usually declines from the end of its fiscal year until the third fiscal quarter due to the seasonal nature of the business. The Company relies on cash and accounts payable to fund the business before generating a disproportionate amount of cash during the December holiday season. The Company reported working capital of $184.9 million as at September 28, 2013, compared to $209.2 million as at September 29, 2012 and $224.3 million as at March 30, 2013. The decrease in working capital from September 29, 2012 was mainly driven by lower cash and cash equivalents.

The Company's leverage position (defined as Total Liabilities to Total Equity) was 0.8:1 at the end of the current quarter compared to 0.7:1 as at September 29, 2012 and 0.6:1 as at March 30, 2013. The increase in leverage position was driven by the decrease in equity, as discussed above.

Overview of Consolidated Statements of Cash Flows

Cash and cash equivalents decreased $25.1 million during the second quarter of fiscal 2014 compared to an increase of $3.7 million in the same quarter last year. The decrease in the current quarter was driven by cash flows used in operating activities of $12.5 million, investing activities of $9.0 million, and financing activities of $3.0 million, partially offset by the effect of foreign currency exchange rate changes on cash and cash equivalents of $0.6 million. Year-to-date, cash and cash equivalents decreased by $44.3 million compared to a decrease of $14.5 million last year.

Cash Flows from Operating Activities

The Company used $12.5 million for operating activities in the second quarter of fiscal 2014 compared to generating $12.0 million in the same period last year, a decrease of $24.5 million. The Company used $6.7 million of cash towards working capital this quarter compared to generating $9.9 million of cash from working capital in the same quarter last year. The Company also had a net loss of $10.1 million this quarter compared to a net loss of $4.0 million in the same quarter last year.

On a year-to-date basis, cash flows used by operating activities increased by $24.0 million to $25.7 million in the current period compared to $1.8 million used in the same period last year. The increased use of cash flows was mainly driven by the net loss of $25.1 million year-to-date compared to a net loss of $9.5 million in the same period last year.

Cash Flows from Investing Activities

In the current quarter, total cash spent on capital projects was $9.6 million compared to $5.5 million spent in the same period last year, as outlined below:

(millions of Canadian dollars)	**13-week period ended September 28, 2013**	13-week period ended September 29, 2012	**26-week period ended September 28, 2013**	26-week period ended September 29, 2012
Store construction, renovations and equipment	**4.6**	1.8	**5.5**	2.4
Intangible assets (primarily application software and internal development costs)	**3.8**	2.8	**5.6**	4.6
Technology equipment	**1.2**	0.9	**1.6**	1.1
	9.6	5.5	**12.7**	8.1

The Company received $0.6 million of interest in the current quarter compared to $0.6 million in the same period last year. In total, the Company used cash flows of $9.0 million for investing activities in the second quarter of fiscal 2014 compared to $4.8 million used for investing activities in the same quarter last year, an increase of $4.2 million. The increase was due to greater spending on capital projects in the current quarter as the Company continues to implement its transformation strategy.

On a year-to-date basis, cash flows used by investing activities increased by $4.6 million to $11.5 million in the current period compared to $6.9 million used in the same period last year for the same reasons discussed above.

Cash Flows from Financing Activities

The Company used $3.0 million for financing activities in the second quarter of fiscal 2014 compared to $3.0 million in the same period last year. The primary use of cash in both periods was $2.8 million of dividend payments.

On a year-to-date basis, cash flows used by financing activities increased by $0.9 million to $7.0 million in the current period compared to $6.1 million used in the same period last year. The increased use of cash in the current period was primarily due to the Company's repurchase of options, as previously discussed. The cash payment for the options repurchase was $1.0 million. The primary use of cash in both periods was $5.6 million of dividend payments.

Liquidity and Capital Resources

The Company has a highly seasonal business which generates the majority of its revenues and cash flows during the December holiday season. Indigo has minimal accounts receivable and a significant portion of book products are purchased on trade terms with the right to return. Indigo's main sources of capital are cash flows generated from operations, long-term debt, and cash and cash equivalents.

Based on the Company's liquidity position and cash flow forecast, management expects its current cash position and cash flow generated from operations to be sufficient to meet its working capital needs and debt service requirements for fiscal 2014. As such, the Company cancelled its revolving line of credit on June 12, 2013. In addition, Indigo has the ability to reduce capital spending to fund debt requirements if necessary; however, a long-term decline in capital expenditures may negatively impact revenues and profit growth. In order to maintain sufficient capital resources to fund the Company's transformation, management and the Company's Board of Directors have decided to suspend quarterly dividend payments beyond December 3, 2013. Future declaration of quarterly dividends and the establishment of future record and payment dates are subject to the final determination of the Company's Board of Directors.

There can be no assurance that operating levels will not deteriorate over the ensuing fiscal year, which could result in the Company being unable to meet its current working capital and debt service requirements. In addition, other factors not presently known to management could materially and adversely affect Indigo's future cash flows. In such events, the Company would be required to obtain additional capital as is necessary to satisfy its working capital and debt service requirements from other sources. Alternative sources of capital could result in increased dilution to shareholders and may be on terms that are not favourable to the Company.

Accounting Policies

Critical Accounting Judgments and Estimates

The discussion and analysis of Indigo's operations and financial condition are based upon the unaudited interim condensed consolidated financial statements, which have been prepared in accordance with IFRS and IAS 34. The preparation of these unaudited interim condensed consolidated financial statements in conformity with IFRS requires management to undertake a number of judgments and estimates about the recognition and measurement of assets, liabilities, revenues, and expenses. These judgments and estimates are based on management's historical experience and other assumptions which the Company believes to be reasonable under the circumstances. Actual results may differ from the judgments and estimates made by management, and actual results will seldom equal estimates.

Material judgments and estimates are made with respect to: revenue recognition from unredeemed gift cards and plum points; fair value of plum points; inventory shrinkage; reserves for slow-moving or damaged products and products that have been permanently marked down; vendor settlement; fair value of share-based instruments and number of equity instruments expected to vest; identification of cash generating units ("CGUs") and expected future cash flows from CGUs; depreciation and amortization periods; lease classification; and recognition and valuation of deferred tax assets.

The Company evaluates its judgments and estimates on an ongoing basis and methods used to calculate critical accounting estimates are consistent with prior periods. The significant accounting policies and significant judgments and estimates of the Company are described in notes 3 and 4 of the consolidated financial statements contained in the Company's fiscal 2013 Annual Report.

Accounting Standards Implemented in Fiscal 2014

Adoption of these amendments and standards in the first quarter of fiscal 2014 impacted the Company's results of operations, financial position, and disclosures as follows:

- Joint Arrangements ("IFRS 11") replaces IAS 31, "Interests in Joint Ventures" ("IAS 31") and SIC-13, "Jointly-controlled Entities – Non-monetary Contributions by Venturers," and requires that a party in a joint arrangement assess its rights and obligations to determine the type of joint arrangement and account for those rights and obligations accordingly. Previously, the Company accounted for its interest in Calendar Club under IAS 31 using proportionate consolidation. However, the Company has concluded that its interest in Calendar Club will not meet the definition of a joint arrangement under IFRS 11 and will need to be accounted for under "Investments in Associates and Joint Ventures" ("IAS 28") as a significant investment using the equity method. As part of the transition to IAS 28, the Company has retrospectively restated its comparative financial statements to reclassify proportionately consolidated Calendar Club operating results into a single equity investment line. These restatements have no impact to the Company's total net earnings (loss). The impact of reclassification on the Company's financial statements is as follows:

(thousands of Canadian dollars)	13-week period ended September 29, 2012	26-week period ended September 29, 2012
Decrease in revenues	(328)	(477)
Decrease in expenses	(697)	(1,206)
Increase in equity investment	369	729

(thousands of Canadian dollars)	As at September 29, 2012	As at March 30, 2013
Decrease in assets	(5,889)	(2,074)
Increase in equity investment	125	968
Decrease in liabilities	(5,764)	(1,106)

- Amendments to Investments in Associates and Joint Ventures ("IAS 28") impact accounting for associates and joint ventures held for sale and changes in interests held in associates and joint ventures; and
- Disclosure of Interests in Other Entities ("IFRS 12") includes all of the disclosures that were previously in IAS 27, "Separate Financial Statements," IAS 31 and IAS 28, "Investments in Associates." These disclosures relate to an entity's interests in subsidiaries, joint arrangements, associates, and structured entities.

Adoption of the following amendments and standards in the first quarter of fiscal 2014 did not have an impact on the Company's results of operations, financial position, or disclosures:

- Amendments to Presentation of Financial Statements ("IAS 1") require companies to group together items within other comprehensive earnings which may be reclassified to net earnings. The amendments are effective for annual periods beginning on or after July 1, 2012 and must be applied retrospectively;
- Amendments to Financial Instruments: Disclosures ("IFRS 7") regarding the offsetting of financial instruments. These amendments must be applied retrospectively and are effective for annual periods beginning on or after January 1, 2013 and interim periods within those annual periods;
- Fair Value Measurement ("IFRS 13") provides guidance to improve consistency and comparability in fair value measurements and related disclosures through a fair value hierarchy. This standard must be applied retrospectively and is effective for annual periods beginning on or after January 1, 2013;
- Amendments to Separate Financial Statements ("IAS 27") remove all requirements relating to consolidated financial statements. This standard must be applied retrospectively and is effective for annual periods beginning on or after January 1, 2013; and
- Consolidated Financial Statements ("IFRS 10") replaces portions of IAS 27, "Consolidated and Separate Financial Statements" and supersedes SIC-12, "Consolidation – Special Purpose Entities," and establishes standards for the presentation and preparation of consolidated financial statements when an entity controls one or more entities. This standard must be applied retrospectively and is effective for annual periods beginning on or after January 1, 2013.

New Accounting Pronouncements

The IASB has not issued any new standards, amendments to standards, or interpretations that impact the Company during the 13 and 26-week periods ended September 28, 2013. Indigo's evaluations of previously issued new standards, amendments to standards, and interpretations are consistent with those disclosed

in note 5 of the Company's fiscal 2013 Annual Report. New accounting pronouncements have not been applied in preparing the Company's fiscal 2014 Second Quarter Report, except as discussed above.

General Development of the Business

The Company's strategic objectives are substantially the same as those disclosed in the MD&A section of its fiscal 2013 Annual Report.

Risks and Uncertainties

The risks and uncertainties faced by the Company are substantially the same as those disclosed in the MD&A section of its fiscal 2013 Annual Report.

Disclosure Controls and Procedures

Management is responsible for establishing and maintaining a system of disclosure controls and procedures to provide reasonable assurance that all material information relating to the Company is gathered and reported on a timely basis to senior management, including the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), so that appropriate decisions can be made by them regarding public disclosure.

Internal Controls over Financial Reporting

Management is also responsible for establishing and maintaining adequate internal controls over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with IFRS.

All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to consolidated financial statement preparation and presentation. Additionally, management is necessarily required to use judgment in evaluating controls and procedures.

As required by National Instrument 52-109, "Certification of Disclosure in Issuers' Annual and Interim Filings," the CEO and CFO have evaluated, or caused to be evaluated under their supervision, the effectiveness of such internal controls over financial reporting using the framework established in the Internal Control – Integrated Framework ("COSO Framework") published in 1992 by the Committee of Sponsoring Organizations of the Treadway Commission.

Changes in Internal Controls over Financial Reporting

Management has also evaluated whether there were changes in the Company's internal controls over financial reporting that occurred during the period beginning on June 30, 2013 and ended on September 28, 2013 that have materially affected, or are reasonably likely to materially affect, the Company's internal controls over financial reporting. Management has determined that no material changes occurred during this period.

Cautionary Statement Regarding Forward-Looking Statements

The above discussion includes forward-looking statements. All statements other than statements of historical facts included in this discussion that address activities, events or developments that the Company expects or anticipates will or may occur in the future are forward-looking statements. These statements are based on certain assumptions and analysis made by the Company in light of its experience, analysis and its perception of historical trends, current conditions and expected future developments as well as other factors it believes are appropriate in the circumstances. However, whether actual results and developments will conform to the expectations and predictions of the Company is subject to a number of risks and uncertainties, including the general economic, market or business conditions; competitive actions by other companies; changes in laws or regulations; and other factors, many of which are beyond the control of the Company. Consequently, all of the forward-looking statements made in this discussion are qualified by these cautionary statements and there can be no assurance that results or developments anticipated by the Company will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, the Company.

Non-IFRS Financial Measures

The Company prepares its consolidated financial statements in accordance with IFRS. In order to provide additional insight into the business, the Company has also provided non-IFRS data, including comparable store sales and EBITDA, in the discussion and analysis section above. These measures are specific to Indigo and have no standardized meaning prescribed by IFRS. Therefore, these measures may not be comparable to similar measures presented by other companies.

Comparable stores sales and EBITDA are key indicators used by the Company to measure performance against internal targets and prior period results. Both measures are commonly used by financial analysts and investors to compare Indigo to other retailers. Comparable store sales are defined as sales generated

by stores that have been open for more than 12 months on a 52-week basis. It is a key performance indicator for the Company as this measure excludes sales fluctuations due to store closings, permanent relocation, and chain expansion. EBITDA is defined as earnings before interest, taxes, impairment, depreciation, and amortization. The method of calculating EBITDA is consistent with that used in prior periods.

A reconciliation between comparable store sales and revenues (the most comparable IFRS measure) was included earlier in this report. A reconciliation between EBITDA and loss before income taxes (the most comparable IFRS measure) is provided below:

(millions of Canadian dollars)	**13-week period ended September 28, 2013**	13-week period ended September 29, 2012	**26-week period ended September 28, 2013**	26-week period ended September 29, 2012

NOTICE OF NO AUDITOR REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Under National Instrument 51-102, Part 4, subsection 4.3(3)(a), if an auditor has not performed a review of the interim condensed consolidated financial statements, they must be accompanied by a notice indicating that the financial statements have not been reviewed by an auditor.

The accompanying unaudited interim condensed consolidated financial statements of the Company have been prepared by and are the responsibility of the Company's management.

The Company's independent auditor has not performed a review of these interim condensed consolidated financial statements.

Notes to the Interim Condensed Consolidated Financial Statements

September 28, 2013
(Unaudited)

1. CORPORATE INFORMATION

Indigo Books & Music Inc. (the "Company" or "Indigo") is a corporation domiciled and incorporated under the laws of the Province of Ontario in Canada. The Company's registered office is located at 468 King Street West, Toronto, Ontario, M5V 1L8, Canada. These unaudited interim condensed consolidated financial statements as at and for the 13 and 26-week periods ended September 28, 2013 and September 29, 2012 comprise the Company and its equity investment in Calendar Club of Canada Limited Partnership ("Calendar Club"). The Company is the ultimate parent of the consolidated organization.

2. BASIS OF PREPARATION

Statement of compliance

These unaudited interim condensed consolidated financial statements have been prepared using accounting policies consistent with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). The unaudited interim condensed consolidated financial statements for the 13 and 26-week periods ended September 28, 2013 and September 29, 2012 were prepared in accordance with International Accounting Standard ("IAS") 34, "Interim Financial Reporting." The same accounting policies and methods of computation as those used in the preparation of the fiscal 2013 Annual Report were followed in the preparation of these unaudited interim condensed consolidated financial statements. These unaudited interim condensed consolidated financial statements should be read in conjunction with the Company's fiscal 2013 Annual Report.

The unaudited interim condensed consolidated financial statements for the 13 and 26-week periods ended September 28, 2013 (including comparatives) were approved by the Board of Directors on November 5, 2013.

Significant judgments and estimates

The preparation of these unaudited interim condensed consolidated financial statements in conformity with IFRS requires management to undertake a number of judgments and estimates about the recognition and measurement of assets, liabilities, revenues, and expenses. These judgments and estimates are based on management's historical experience and other assumptions which the Company believes to be reasonable under the circumstances. Actual results may differ from the judgments and estimates made by management, and actual results will seldom equal estimates.

Material judgments and estimates are made with respect to: revenue recognition from unredeemed gift cards and plum rewards program ("Plum") points; fair value of Plum points; inventory shrinkage; reserves for slow-moving or damaged products and products that have been permanently marked down; vendor settlement; fair value of share-based instruments and number of equity instruments expected to vest; identification of cash generating units ("CGUs") and expected future cash flows from CGUs; depreciation and amortization periods; lease classification; and recognition and valuation of deferred tax assets.

3. CHANGES IN ACCOUNTING POLICIES

Adoption of these amendments and standards in the first quarter of fiscal 2014 impacted the Company's results of operations, financial position, and disclosures as follows:

- Joint Arrangements ("IFRS 11") replaces IAS 31, "Interests in Joint Ventures" ("IAS 31") and SIC-13, "Jointly-controlled Entities – Non-monetary Contributions by Venturers," and requires that a party in a joint arrangement assess its rights and obligations to determine the type of joint arrangement and account for those rights and obligations accordingly. Previously, the Company accounted for its interest in Calendar Club under IAS 31 using proportionate consolidation. However, the Company has concluded that its interest in Calendar Club will not meet the definition of a joint arrangement under IFRS 11 and will need to be accounted for under "Investments in Associates and Joint Ventures" ("IAS 28") as a significant investment using the equity method. As part of the transition to IAS 28, the Company has retrospectively restated its comparative financial statements to reclassify proportionately consolidated Calendar Club operating results into a single equity investment line. These

restatements have no impact to the Company's total net earnings (loss). The impact of reclassification on the Company's financial statements is as follows:

(thousands of Canadian dollars)	13-week period ended September 29, 2012	26-week period ended September 29, 2012
Decrease in revenues	(328)	(477)
Decrease in expenses	(697)	(1,206)
Increase in equity investment	369	729

(thousands of Canadian dollars)	As at September 29, 2012	As at March 30, 2013
Decrease in assets	(5,889)	(2,074)
Increase in equity investment	125	968
Decrease in liabilities	(5,764)	(1,106)

- Amendments to Investments in Associates and Joint Ventures ("IAS 28") impact accounting for associates and joint ventures held for sale and changes in interests held in associates and joint ventures; and
- Disclosure of Interests in Other Entities ("IFRS 12") includes all of the disclosures that were previously in IAS 27, "Separate Financial Statements," IAS 31 and IAS 28, "Investments in Associates." These disclosures relate to an entity's interests in subsidiaries, joint arrangements, associates, and structured entities.

Adoption of the following amendments and standards in the first quarter of fiscal 2014 did not have an impact on the Company's results of operations, financial position, or disclosures:

- Amendments to Presentation of Financial Statements ("IAS 1") require companies to group together items within other comprehensive earnings which may be reclassified to net earnings. The amendments are effective for annual periods beginning on or after July 1, 2012 and must be applied retrospectively;
- Amendments to Financial Instruments: Disclosures ("IFRS 7") regarding the offsetting of financial instruments. These amendments must be applied retrospectively and are effective for annual periods beginning on or after January 1, 2013 and interim periods within those annual periods;
- Fair Value Measurement ("IFRS 13") provides guidance to improve consistency and comparability in fair value measurements and related disclosures through a fair value hierarchy. This standard must be applied retrospectively and is effective for annual periods beginning on or after January 1, 2013;
- Amendments to Separate Financial Statements ("IAS 27") remove all requirements relating to consolidated financial statements. This standard must be applied retrospectively and is effective for annual periods beginning on or after January 1, 2013; and
- Consolidated Financial Statements ("IFRS 10") replaces portions of IAS 27, "Consolidated and Separate Financial Statements" and supersedes SIC-12, "Consolidation – Special Purpose Entities," and establishes standards for the presentation and preparation of consolidated financial statements when an entity controls one or more entities. This standard must be applied retrospectively and is effective for annual periods beginning on or after January 1, 2013.

New Accounting Pronouncements

The IASB has not issued any new standards, amendments to standards, or interpretations that impact the Company during the 13 and 26-week periods ended September 28, 2013. Indigo's evaluations of previously issued new standards, amendments to standards, and interpretations are consistent with those disclosed in note 5 of the Company's fiscal 2013 Annual Report. New accounting pronouncements have not been applied in preparing these unaudited interim condensed consolidated financial statements, except as discussed above.

4. SEASONALITY OF OPERATIONS

The business of Indigo follows a seasonal pattern, with sales of merchandise being highest in the third fiscal quarter due to consumer holiday buying patterns. As a result, a disproportionate portion of total annual revenues are typically earned in the third fiscal quarter. Therefore, the results of operations for the 13 and 26-week periods ended September 28, 2013 and September 29, 2012 are not indicative of the results of other periods.

5. CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of the following:

(thousands of Canadian dollars)	**September 28, 2013**	September 29, 2012	March 30, 2013
Cash	**39,719**	68,725	88,268
Restricted cash	**3,843**	2,653	470
Cash equivalents	**122,698**	120,869	121,824
Cash and cash equivalents	**166,260**	192,247	210,562

Restricted cash represents cash pledged as collateral for letter of credit obligations issued to support the Company's purchases of merchandise.

6. INVENTORIES

Inventories consist of finished goods. The cost of inventories recognized as an expense during the 13 and 26-week periods ended September 28, 2013 were $100.0 million and $197.0 million, respectively (2012: 13 weeks – $102.5 million; 26 weeks – $208.5 million). The amount of inventory write-downs as a result of net realizable value lower than cost during the 13 and 26-week periods ended September 28, 2013 were $0.4 million and $4.4 million, respectively (2012: 13 weeks – $1.1 million; 26 weeks – $2.5 million), and there were no reversals of inventory write-downs that were recognized in prior periods (2012: 13 weeks – $2.1 million; 26 weeks – $2.1 million). The amount of inventory with net realizable value equal to cost was $3.2 million as at September 28, 2013 (2012 – $1.4 million).

7. SHARE CAPITAL

Share capital consists of the following:

	26-week period ended September 28, 2013		26-week period ended September 29, 2012		52-week period ended March 30, 2013	
	Number of shares	**Amount C$ (thousands)**	Number of shares	Amount C$ (thousands)	Number of shares	Amount C$ (thousands)
Balance, beginning of period	**25,297,389**	**203,805**	25,238,414	203,373	25,238,414	203,373
Issued during the period						
Directors' deferred share units converted	–	–	1,075	15	1,075	15
Options exercised	**850**	**7**	37,400	272	57,900	417
Balance, end of period	**25,298,239**	**203,812**	25,276,889	203,660	25,297,389	203,805

During the 13 and 26-week periods ended September 28, 2013, the Company distributed dividends per share of $0.11 and $0.22, respectively (2012: 13 weeks – $0.11; 26 weeks – $0.22).

8. SHARE-BASED COMPENSATION

As at September 28, 2013, 1,733,650 stock options were outstanding with exercise prices ranging from $7.20 to $15.21. Of these outstanding stock options, 155,300 were exercisable. As at September 29, 2012, there were 1,512,500 stock options outstanding of which 594,500 were exercisable.

During the first quarter of fiscal 2014, the Company offered a one-time cash repurchase to holders of stock options above a specified value. The repurchase was approved by the Board of Directors and by the Company's shareholders; repurchased options were subsequently cancelled by the Company. As part of this transaction, the Company immediately recorded the remaining unamortized expense for repurchased options. The Company repurchased and cancelled 870,500 options and made a cash payment to option holders of $1.0 million.

The Company uses the fair value method of accounting for stock options, which estimates the fair value of the stock options granted on the date of grant, net of estimated forfeitures, and expenses this value over the vesting period. During the 13 and 26-week periods ended September 28, 2013, the pre-forfeiture rate fair values of options granted were $2.2 million and $2.2 million, respectively (2012: 13 weeks – $0.4 million; 26 weeks – $0.4 million).

The fair value of the employee stock options is estimated at the date of grant using the Black-Scholes option pricing model with the following weighted average assumptions during the periods presented:

	13-week period ended September 28, 2013	13-week period ended September 29, 2012
Black-Scholes option pricing assumptions		
Risk-free interest rate	**1.3%**	1.3%
Expected volatility	**35.5%**	36.5%
Expected time until exercise	**3.0 years**	4.2 years
Expected dividend yield	**4.1%**	5.2%
Other assumptions		
Forfeiture rate	**26.6%**	25.0%

Directors' compensation

The Company has established a Directors' Deferred Share Unit Plan ("DSU Plan"). Under the DSU Plan, Directors receive their annual retainer fees and other Board-related compensation in the form of deferred share units ("DSUs"). The number of shares reserved for issuance under this plan is 500,000. During the 13 and 26-week periods ended September 28, 2013, the Company issued 10,808 DSUs with a value of $0.1 million and 22,890 DSUs with a value of $0.2 million, respectively (2012: 13 weeks – 10,945 DSUs with a value of $0.1 million; 26 weeks – 25,769 DSUs with a value of $0.2 million). The number of DSUs to be issued to each Director is based on a set fee schedule. The fair value of the outstanding DSUs as at September 28, 2013 was $3.2 million (2012 – $2.7 million) and was recorded in contributed surplus. The fair value of DSUs is equal to the traded price of the Company's common shares on grant date.

9. OPERATING AND ADMINISTRATIVE EXPENSES

Supplemental operating and administrative expenses information:

(thousands of Canadian dollars)	**13-week period ended September 28, 2013**	13-week period ended September 29, 2012	**26-week period ended September 28, 2013**	26-week period ended September 29, 2012
Wages, salaries and bonuses	**38,167**	36,367	**75,267**	72,985
Short-term benefits expense	**4,215**	4,036	**8,772**	8,546
Termination benefits expense	**1,451**	408	**1,278**	627
Retirement benefits expense	**320**	311	**647**	621
Stock-based compensation	**194**	200	**697**	359
Total employee benefits expense	**44,347**	41,322	**86,661**	83,138

Termination benefits arise when the Company terminates certain employment agreements.

Capital assets

During the 13 and 26-week periods ended September 28, 2013, the Company recognized no capital asset impairments (2012: 13 weeks – nil; 26 weeks – $0.3 million). During the 13 and 26-week periods ended September 28, 2013, the Company had no capital asset impairment reversals (2012: 13 weeks – nil; 26 weeks – nil).

10. LOSS PER SHARE

Loss per share is calculated based on the weighted average number of shares outstanding during the period. The Company's stock options were anti-dilutive as the Company reported a loss and, therefore, were not included in the September 28, 2013 and September 29, 2012 diluted loss per share calculations.

11. CASH FLOW STATEMENT

Supplemental cash flow information:

(thousands of Canadian dollars)	**13-week period ended September 28, 2013**	13-week period ended September 29, 2012	**26-week period ended September 28, 2013**	26-week period ended September 29, 2012
Net change in non-cash working capital balances:				
Accounts receivable	**(3,610)**	(506)	**(5,494)**	(1,464)
Inventories	**(34,910)**	(24,775)	**(25,406)**	(13,497)
Income taxes payable (recoverable)	**–**	1	**–**	1
Prepaid expenses	**(1,353)**	(262)	**(2,488)**	(961)
Accounts payable and accrued liabilities	**38,482**	39,827	**33,561**	17,903
Unredeemed gift card liability	**(4,885)**	(5,262)	**(5,153)**	(4,799)
Provisions	**(102)**	(62)	**(442)**	(126)
Deferred revenue	**(291)**	902	**(271)**	1,648
	(6,669)	9,863	**(5,693)**	(1,295)
Assets acquired under finance leases	**137**	139	**137**	421

12. CAPITAL MANAGEMENT

The Company's main objectives when managing capital are to safeguard its ability to continue as a going concern while maintaining adequate financial flexibility to invest in new business opportunities that will provide attractive returns to shareholders. The primary activities engaged by the Company to generate attractive returns include construction and related leasehold improvements of stores, the development of new business concepts, and investment in information technology and distribution capacity to support the online and retail networks. The Company's main sources of capital are its current cash position, cash flows generated from operations, and long-term debt. On June 12, 2013, the Company cancelled its revolving line of credit. Cash flow is used to fund working capital needs, capital expenditures, debt service requirements, and dividend distributions to shareholders.

In order to maintain sufficient capital resources to fund the Company's transformation, management and the Company's Board of Directors have decided to suspend quarterly dividend payments beyond December 3, 2013. The Company primarily manages its capital by monitoring its available cash balance to ensure that sufficient funds are available for long-term debt and interest payments over the next year.

The following table summarizes selected capital structure information for the Company:

(thousands of Canadian dollars)	**September 28, 2013**	September 29, 2012	March 30, 2013
Current portion of long-term debt	**752**	900	773
Long-term debt	**450**	1,045	705
Total debt	**1,202**	1,945	1,478
Total equity	**319,612**	341,394	350,322
Total capital under management	**320,814**	343,339	351,800

13. RELATED PARTY TRANSACTIONS

The Company's related parties include its key management personnel, share - holders, defined contribution retirement plan, equity investment in Calendar Club, and subsidiary. The Company eliminates transactions with its subsidiary upon consolidation. Unless otherwise stated, none of the related party transactions incorporate special terms and conditions and no guarantees were given or received. Outstanding balances are usually settled in cash.

Transactions with key management personnel

Key management of the Company includes members of the Board of Directors as well as members of the Executive Committee. Key management personnel remuneration includes the following expenses:

(thousands of Canadian dollars)	**13-week period ended September 28, 2013**	13-week period ended September 29, 2012	**26-week period ended September 28, 2013**	26-week period ended September 29, 2012
Wages, salaries, bonus and consulting	**1,302**	1,024	**2,510**	2,096
Short-term benefits expense	**57**	50	**115**	103
Termination benefits expense	**734**	–	**457**	–
Retirement benefits expense	**17**	17	**34**	33
Stock-based compensation	**164**	88	**435**	188
Directors' compensation	**111**	96	**244**	229
Total remuneration	**2,385**	1,275	**3,795**	2,649

Transactions with shareholders

During the 13 and 26-week periods ended September 28, 2013, Indigo purchased goods and services from companies in which Mr. Gerald W. Schwartz, who is the controlling shareholder of Indigo, holds a controlling or significant interest. During the 13 and 26-week periods ended September 28, 2013, Indigo paid $0.8 million and $1.4 million, respectively, for these transactions. As at September 28, 2013, Indigo had less than $0.1 million payable to these companies under standard payment terms and $2.8 million of restricted cash pledged as collateral for letter of credit obligations issued to support the Company's purchases of merchandise from these companies. All transactions were in the normal course of business for both Indigo and the related companies.

Transactions with defined contribution retirement plan

The Company's transactions with the defined contribution retirement plan include contributions paid to the retirement plan as disclosed in note 9. The Company has not entered into other transactions with the retirement plan.

Transactions with associate

The Company's associate, Calendar Club, is a seasonal operation which is dependent on the December holiday sales season to generate revenues. During the year, the Company loans cash to Calendar Club for working capital requirements and Calendar Club repays the loans once profits are generated in the third quarter. The net amount of these transactions for the 13 and 26-week periods ended September 28, 2013 was $2.9 million and $4.5 million, respectively, paid by Indigo (2012: 13 weeks – $2.5 million paid by Indigo; 26 weeks – $3.5 million paid by Indigo).

14. COMPARATIVE UNAUDITED INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The comparative unaudited interim condensed consolidated financial statements have been reclassified from statements previously presented to conform to the presentation of the current year unaudited interim condensed consolidated financial statements.
