

Indigo posts increased profits and sales in third quarter

Best holiday season ever for online channel

TORONTO - February 1st, 2005 -- Indigo Books & Music Inc. (TSX: IDG), Canada's largest book retailer, reported profits of \$33.8 million for this past quarter, \$5 million ahead of the same period last year. Total sales for the quarter were also up \$7.2 million, with the Company's online channel posting a strong increase.

The Company reported a 17% increase in net income for the third quarter, largely due to stronger sales and lower interest costs. Third quarter net earnings were \$33.8 million (\$1.40 per share) as compared to \$28.8 million (\$1.20 per share) for the same period last year.

Third quarter consolidated sales were \$286.6 million, an increase of 2.6% over sales recorded in the third quarter last year. The Company's online channel experienced a 32.3% increase over the previous year, making it the strongest holiday sales performance in its history. Online revenues were \$21.1 million as compared to \$16.0 million for the same period the year prior. Among the highlights of this past season was the introduction of iPod products on chapters.indigo.ca, which performed extremely well. At the retail level, superstore comparative sales were up 2.5% while small format stores were essentially flat at (0.6%).

"We saw strong sales throughout the holiday period until two critical shopping days, December 23 and December 26, which coincided with severe snow storms in Central and Eastern Canada, affecting traffic in the stores," commented Indigo Chief Executive Officer, Heather Reisman. "In spite of that, the overall results were positive."

The Company's income year to date was markedly ahead of last year at \$14.2 million (\$0.59 per share) compared to \$9.6 million (\$0.40 per share). This increase was driven largely by the strong results posted in the third quarter. Net revenues were down \$2.8 million, from \$613.8 million to \$611.0 million, due to a combination of factors including store closures, the sale of the campus bookstore business, the company's supply chain restructuring initiative, and the release of the fifth installment of the Harry Potter series which greatly impacted sales in 2003. Year to date comparative store sales increased 0.5% in superstores and were down 1.9% in small format stores.

In addition, CEO Heather Reisman announced the appointment of Frank Clegg, former President of Microsoft Canada, to the Board of Directors of Indigo Books & Music Inc. "We are delighted to welcome this distinguished business leader to our board." added Reisman.

The Company also reported that it paid down \$12 million in long-term debt during the quarter as part of its ongoing debt reduction efforts.

Forward-Looking Statements

Statements contained in this news release that are not historical facts are forward-looking statements which involve risk and uncertainties that could cause results to differ materially from those expressed in the forward-looking statements. Among the key factors that could cause such differences are: general economic, market or business conditions in Canada; competitive actions by other companies; changes in laws or regulations; and other factors, many of which are beyond the control of the Company.
